Odom and Bombshell Set New Global Speed Mark

VETERAN PILOT APPEARS FRESH AT END OF TRIP

Crowd Cheers Airman After Flight Lasting 73 Hours, 5 Minutes

CHICAGO, Aug. 10 (AP)—William P. Odom, 27-year-old veteran airman, today completed the fastest trip ever made around the world.

When his blue and silver 4000-horsepower former Army bomber, the Reynolds Bombshell, flashed past the control tower of Douglas airport at 2:58 p. m. (Pottstown time) he ended a 19,645-mile solo global circuit trip he had started just 73 hours and five minutes earlier.

Three minutes later, at 3:01 p. m., he glided to earth at the Chicago Municipal airport, 22 miles farther south, and climbed from his cockpit before a shouting crowd without showing visible signs of fatigue.

Odom was pilot on the previous record flight which he made in the Bombshell with Milton Reynolds, Chicago manufacturer, and flight engineer T. Carrol Sallee the past April in 78 hours 55 minutes.

The former solo record was established by the late Wiley Post when he flew the single-engined monoplane Winnie Mae around the globe in 186 hours and 49 minutes in 1933.

Odom's new record cut five hours and 50 minutes from the former Bombshell record and the Post's mark by 113 hours and 44 minutes.

Odom's wife, Dorothy, 26, among the first to greet the tall blond flyer cried: "Bill! You look wonderful." A moment later, he embraced her and their two children, Ronnie, 3, and Rochelle, 6.

Clean-shaven, and natty in a gray business suit as he grinned at his milling welcomers, Odom did not look as though he had gone nearly sleepless for more than three days.

Icing conditions north of Edmonton, Alberta, prevented a non-stop flight from Anchorage, Alaska, to Chicago, he said. He landed at Fargo, N. D., at 12:46 a. m. and replenished his fuel supply.

Odom's average speed for the flight, including his nine hours and 50 minutes on the ground,

(Continued on Page Eight)

Odom Fell Asleep, Nearly Hit Peak

FARGO, N. D., Aug. 10 (AP)—Bill Odom fell asleep for an hour and 40 minutes today while winging his way between Anchorage, Alaska, and Edmonton, Can., on his round-the-world flight—Chicago to Chicago—but awakened in time to avoid a mountain peak.

"It made me sick to my stomach for a few minutes," he told a reporter at Fargo during his brief stopover.

Odom said his automatic pilot was out of order and he had been flying manually from Anchorage, Alaska.

When he fell asleep, he related, he had been flying at 20,000 feet. He awakened to find his altitude was 16,000 feet, "and there was a mountain peak ahead at 19,000 feet."

Odom said he could not recall the name of the mountain, but said it was the "second largest in that area." Mount Logan, in northwestern Canada near the Alaskan line, is 19,850 feet. Mt. McKinley, in Alaska, is 20,300 feet high. Mt. Logan is the highest peak in Canada.

Odom said it was "an ordeal for a few minutes." He didn't give further details.

New Witnesses Called In Plane Contract Probe

WASHINGTON, Aug. 10 (AP) — A promise of "additional witnesses" provided a hint of new disclosures today as the Senate probe into Howard Hughes' $40,000,000 worth of airplane contracts entered its third week.

Chairman Ferguson (R-Mich), of the war investigating subcommittee, told a reporter that "several additional witnesses" are under orders to appear, but declined to identify them in advance.

Britons Urged to Gird For Battle of Survival

By ED CREAGH

LONDON, Aug. 10 (AP)—Prime Minister Attlee told the British people tonight they must fight alone for economic survival, as they fought against Hitlerite Germany in 1940. He called for "a national effort comparable to that which we developed during the war."

Promising that the burden of work and sacrifice in the dark days ahead would rest equally on all classes, the prime minister declared in a broadcast:

"We cannot rest upon the help which our fellow members of the Commonwealth have been and are giving so generously, and even though plans may be put forward by our friends in America to help bring prosperity back to Europe, we must stand on our own feet.

"We must regain our economic freedom and get into a position in which we pay for all we need by our own exertions."

Broadcasting officials estimated that well over 10,000,000 persons were tuned in for the address, in which Attlee put to the nation his arguments for his new "crisis bill"—assailed by Winston Churchill as "a blank check for totalitarianism."

"I believe," Attlee said, "that nearly all will willingly put their shoulder to the wheel, but there may be some who will not.

"It is for this reason that the government have introduced a bill which, while it gives no greater powers than were given to the present government in 1945, enables them to be applied to the present crisis.

"The government is determined that nothing shall stand in the way of our recovery."

Churchill and fellow Conservatives are scheduled to renew their attack on the bill when it comes before the House of Commons for final action tomorrow. They contend its powers are so broad that the government could take almost any action under them.

Attlee also faces criticism tomorrow from Labor members of Parliament with whom he will meet in private. Some of them complain that he is failing to give "inspiring" leadership and that his steps to cope with the economic crisis are not drastic enough.

The prime minister appeared to be answering some of this criticism in tonight's speech, when he demanded longer hours and harder work from labor and "greater efficiency in management and willingness to co-operate with the workers."

"We have to face now," he said, "before we have recovered from the effects of the war, and before our long-term plans have taken effect, the necessity of relying entirely on our own resources.

"This is a situation as serious as any that has faced us in our long history. We must, therefore, act vigorously and drastically."

Attlee re-emphasized that the recent slashing of imports from the U. S. and other hard currency countries would mean less food, less tobacco, fewer motion pictures.

"But I am certain of victory," he declared. "Our reward for our sufferings and exertions will be the re-establishment of our country on a sure basis and the preservation of the British way of life."

Filipinos Marooned By Rains in Manila

MANILA, Monday, Aug. 11 (AP)—Manila was flooded by torrential rains today and many people were marooned in their homes by high water.

A downpour throughout the night accompanying a typhoon which centered 60 miles off Luzon inundated the entire city. Rains and moderately stiff winds were continuing.

Greenland Next Stop for Cub Planes

Light cub planes piloted by Clifford V. Evans (seated, left), 26, of Washington, D. C., and George W. Truman, 30, of Los Angeles, early this morning were set for the third leg of their round-the-world flight from Goose Bay, Labrador, to Greenland. The pair took off from Teterboro, N. J., the past Saturday. Shown above with the airmen are their wives, Doris Evans (left) and Lou Truman. They have charted a route of 21,350 miles and expect to make it in 30 to 45 days.

Youth Arrested in Stolen Auto Admits to 4 Other Car Thefts

After admitting guilt to a series of automobile thefts in a hearing before Justice of the Peace Raymond C. Kelley shortly after midnight last night, Stanley R. Wassiluk, 22, of 515 Vine street, Stowe, was taken to the Norristown county jail to be held without bail for the grand jury.

Wassiluk was arrested early Saturday morning by Patrolman Robert Scheidt while he was buying gasoline at Johnny's Service station, West High street, just a few moments after he had taken a 1940 coupe from the Cates and Becker garage, 216 King street.

Police were summoned when Mrs. Joseph Selagyi, who lives in a second-floor rear apartment over 213 High street, heard suspicious noises in the garage. Wassiluk had broken a window, unlocked the rear garage door, and had driven away in a car owned by Donald Bartman, 1222 Queen street.

Scheidt followed on foot, then boarded a vehicle operated by John Wasilinda, of 419 Laurel street, and proceeded to the spot where the Stowe youth was apprehended.

Wassiluk, charged with larceny, burglary, operating a vehicle without owner's consent, and driving under suspended operating privileges, admitted in signed statements that he was connected with a total of five car thefts.

North Coventry Officer Daniel W. Guldin said that Wassiluk admitted taking two automobiles in South Pottstown when he forced entry into the South Hanover street garage and stole two of the Philadelphia Electric company's vehicles.

Both of these cars were smashed, with the damage estimated by police at $500. One of the vehicles was recovered on East Main street, South Pottstown, and the other near Kirkwood.

Guldin swore out a warrant yesterday against Wassiluk, also charging him with larceny, burglary, and operation of a car without the consent of the owner.

In other signed statements, Wassiluk said that he'd been implicated in the disappearance of a car belonging to John Crist, 80 North Adams street, which was taken from

U. S. Envoy Heads For Conference on Indonesian Peace

BATAVIA, Java, Monday, Aug. 11 (AP)—Walter A. Foote, 60-year-old United States consul-general, took off today in a U.S. Navy plane on a confidential mission to the Indonesian Republic's capital, Jogjakarta.

Foote declined to reveal the purpose of his trip to meet with Republican officials other than that it was "in connection with the United States' offer of its good offices" in settling the conflict between the Republic and the Netherlands government.

Foote was accompanied by U.S. Navy Liason Officer Capt. Daniel McCallum, of Idaho Falls, Idaho, and Associated Press Photographer Max Desfor. The plane was piloted by Marine Master Sgt. Harvey Beardon, of Troy, Ala.

Foote's visit will be the first by a U.S. State department representative to the Republican government in its two-year history, although he previously has met with Republican officials in Batavia.

The consul-general had received assurance from Prime Minister Amir Sjarifoeddin that he would be "gladly welcomed" at Jogjakarta and that the airfield at the Republican capital was in good condition for the American plane's landing.

Love for Dead Hero Unites Them

An American mother who lost her son in the war, Mrs. Pearl Caligari is united in San Francisco, Calif., with 22-year-old Elsa Schoettes (left), a Dutch girl who, for two years, has tended the grave of the fallen Yank in Margraten Cemetery, Holland. The scene above culminated a 6000 mile trip for Elsa from her native land.

Mail Clerk Killed, 28 Injured As Trains Collide in Arkansas

JACKSONVILLE, Ark., Aug. 10 (AP)—A railway mail clerk was killed and at least 28 trainmen and passengers were injured here today when a Memphis-bound Missouri Pacific passenger train crashed into the rear of one bound for St. Louis.

Sixteen of the injured remained in the Missouri Pacific hospital at Little Rock tonight, but none was believed critically hurt. Some persons previously treated at other hospitals and released were later admitted to the railroad's hospital.

The accident occurred at 4:26 a. m. The Memphis-bound train, No. 226, which had been made up in Little Rock, and the St. Louis bound train, No. 26, out of Longview, Tex., were traveling north on the same track.

The St. Louis train had been halted because of wreckage hurled on its track when a southbound freight struck a stalled, unoccupied truck at a crossing on an adjacent track. The Memphis bound train left Little Rock a few minutes after the departure of the St. Louis train, and rammed into the rear of the latter.

The mail clerk, Armin H. Emich, about 48, St. Louis, Mo., was crushed fatally in his car when the steel underbeams of the only wooden car in the Memphis train telescoped the mail coach. The wooden car, a baggage coach, was immediately behind the mail car.

The locomotives and coaches were

Borough Officials Attend High Rites

Last rites for Clarence A. High, former borough councilman, husband of Shirley A. (Kramer) High, 1112 Queen street, were conducted Saturday afternoon at 1 o'clock from a funeral home at 112 North Washington street, before a large assemblage of relatives, friends and borough officials.

The Rev. Gustave W. Weber, pastor of St. James Lutheran church, officiated. Interment was made in Highland Memorial park.

Among borough officials attending the services and serving as honorary pallbearers were Chief of Police James A. Laughead, Civil Service Commissioner Herbert S. Myers, Councilmen C. Roy Bush and J. Max Creswell, Borough Manager Dow I. Sears and Burgess William A. Griffith.

Active bearers were William G. Gutmueller, H. W. Bartholomew, Herman Maack, John J. Loughran, Byron VanHorn and William Hipple.

Masonic rites were conducted at the grave by Stichter lodge 254, F. and A. M., in charge of William H. Albright, worshipful master; George K. Cannell, senior warden; Wyne J. Leister, junior warden, and Alfred H. Haas, chaplain.

Kitty Lou Olewiler Wins Scholarship In Oratory Contest

Kitty Lou Olewiler, 18-year-old daughter of the Rev. and Mrs. Horace N. Olewiler, won a prize of $300 and a two-year scholarship to the Western Maryland college, Westminster, Md., in a national public speaking contest of the Methodist church, held in Ocean Grove, N. J., Saturday.

Kitty Lou Olewiler

The daughter of the pastor of the First Methodist church discussed "New Hope for Japan." Her topic, for which she won third prize, dealt with a phase of the world service of the Methodist church, in accordance with contest regulations.

Miss Olewiler will enroll at the Maryland college which she selected from among Methodist schools in September. She plans to major in music, her favorite subject at Pottstown Senior High school, where she was graduated the past June.

Thunderstorm Brings Cool Weekend Weather

Pottstonians felt the first cool relief from sticky heat in a long time with the appearance of a thunderstorm about 8 o'clock Saturday night.

The shower, which gave the borough its first good drenching since July 28, caused a drop in the temperature from 86 to 69 in a space of two hours. The storm's cool aftermath breeze remained behind to continue throughout most of yesterday, allowing the mercury to go no higher than 78.

Today and tomorrow are to be fair, with a rise in temperature scheduled tomorrow afternoon.

ITALIAN LODGE TO MARK FEAST

Maria Assunta Plans Gala Program to Fete Virgin Mary's Assumption

One of the most significant days on the Catholic church calendar, the Assumption of the Blessed Virgin Mary, will fall on Friday of this week, with a gala celebration planned by Pottstown area Italians for the following day.

The holy day of obligation marks the day that the Virgin Mary was taken into Heaven, and will be celebrated in Catholic churches with special early masses, to permit worshippers to attend before they go to work.

Since the holiday falls upon a Friday, the usual fast will be forgone, but Thursday will be a fast day for Catholics this week.

Members of Maria Assunta Lodge laid plans at their meeting yesterday for the first traditional Italian celebration of the holiday since the war.

Although the High street parade of past years will be missing, a festival complete with picnic, music, and fireworks will be held at the South Washington street playground Saturday evening, starting at 6:30 o'clock and ending whenever the last celebrant decides to go home.

An Italian band will come from Philadelphia for the religious celebration, according to Louis Cimino, secretary of Maria Assunta, and a display of fireworks will be staged Saturday night, starting shortly after 11 o'clock.

Although parades and the preparation of a special food mark the Italian fete in other cities, the

Ground Breaking Today For Sewer Main in Stowe

Work will start this morning on breaking ground for new sewer construction in Stowe, it was announced last night by Peter Dori, president of the West Pottsgrove township board of commissioners.

The job, which is expected to take about four months, is under contract to the Eerlanti Construction company, Harrison, N. Y. The firm will move its machinery into the borough this morning, and then will start recruiting for a crew of approximately 75 laborers.

PLANE DIVES INTO CROWD

LOS ANGELES, Aug. 10 (AP)—An airplane crashed into a Sunday picnic crowd at Ladera park today killing three persons, including a baby in her buggy, and seriously injuring three others.

Trailer Tire Topples On 2-Year-Old Girl, Killing Her Instantly

In an attempt to move a huge trailer tire propped up against the house, young Barbara Lee Wensel, 2-year-old daughter of Mr. and Mrs. W. W. Wensel Jr., Pottstown RD 1, was crushed to death at 5:10 o'clock yesterday afternoon, when the 200-pound tire toppled over, pinning the youngster beneath it.

The child died instantly from a fractured skull, some time before the arrival of Dr. Joseph G. Ross, Spring City. Coroner T. Bishop, Chester county, released the body to a Parkerford undertaker.

No one witnessed the tragedy, but Wensel said the only possible way his daughter could have budged the tire was by standing on its rim and swinging back and forth.

Mrs. Wensel was dressing her four children for a trip to Boyertown, while Wensel was working on a trailer truck in a nearby field. Barbara, being the first child dressed, said, "I'm going out to Daddy," and ran outside.

The child met her death quickly because ten minutes later, her brother, Larry, 4, came out into the yard, and seeing Barbara pinned under the tire, yelled, "The tire fell on Barbara Lee."

Mrs. Wensel said she heard the screen door slam as Larry went outside, and upon hearing his scream a few seconds later, ran outside and pulled the tire from Barbara's limp body. A stone, lodged in the tire, was directly over the child's head. It was believed to have caused the skull fracture.

Barbara's father said he had intended to put the tire on one of his trailers this afternoon in preparation for a hauling job, and had left it by the side of the house after filling it with air.

Barbara Lee was born in East Coventry township March 14, 1945, the daughter of William and Cora (Miller) Wensel. She is survived by three brothers and sisters, Russell, Larry, and Ruth Ann, all at home; the paternal grandparents, Mr. and Mrs. W. W. Wensel, Spring City RD 1; the maternal grandfather, George Miller, Boyertown, and her parents.

The viewing will be Wednesday night from 7 to 9 o'clock at the White Memorial home, Parkerford. Services will be held Thursday afternoon at 2 o'clock from the funeral home, with interment in Brownback's cemetery, Chester county.

Soldier Caught In Attempting To Enter Home

William Dabney, 27-year-old Negro soldier, got into trouble early yesterday morning when he tried to gain entrance into a Mintzer street house while under the influence of liquor and suffering from cuts on the head inflicted by an unidentified person.

At 1:38 o'clock a police call to borough hall resulted in Sgt. Daniel J. Linton and Patrolmen Thomas Corum, Robert Scheidt and Harold E. Hann making a hurried trip to the home of Mr. and Mrs. Charles Parsons, in the 200 block on Mintzer street.

When they arrived, they found Dabney, with blood streaming from a cut in his head, brandishing a broken beer bottle.

Mrs. Parsons said she was awakened by the noise of someone opening a side window of her home. She aroused her husband and they saw a Negro with one leg inside of the window. Parsons held the Negro until police arrived. He was intoxicated and boisterous, police reported.

Dr. Harry K. Marcy treated the Negro's cut at the police station. At 4 a.m., he was taken for hospitalization to the Valley Forge General hospital, Phoenixville by military police.

Police said that Dabney had come to Pottstown on a visit during his 40-day furlough. He faces a charge of being drunk and disorderly.

ANOTHER ATLANTIC FLIGHT

LONDON, Aug. 10 (AP) — Boris Sergievsky piloted a Grumman Mallard amphibian plane across the Atlantic from New York in 28 hours, landing tonight at the London airport with his wife, a radio operator, and Marina Svetslova, Ballerina at the Metropolitan opera.

Automobiles, Cycle Are Damaged In Series of Weekend Accidents

Slight accidents gave Pottstown a spotty traffic record over the weekend, but no one was injured in a variety of collisions that damaged six automobiles and a motorcycle.

Two cars were damaged in a collision at East and Hanover streets Saturday morning but neither driver was injured.

Tilghman F. Moll, 221 King street, is charged with failing to halt at a stop sign as he drove south on Hanover street. He struck a sedan driven by Donald Fixx, Pottstown RD 2, who was going east on East street, at the intersection.

Moll's vehicle then veered to the west side of the street and ran into the Frederick Planing Mill building, knocking several bricks from the wall.

Moll, who will receive a summons from Justice of the Peace Charles A. Andre, West ward, for failing to stop, told police that he did not see the sign and admitted that he had gone through the crossing previously.

The left front fender, bumper and grill of Fizz' car were damaged, and the wheels knocked out of line, while the other vehicle had

(Continued on Page Five)

Woman Is Victim Of Purse Snatcher

A Stowe woman was the victim of a purse snatcher Saturday night as she was walking along a street toward her home.

Mrs. Ruth Wright, of 9 Glasgow street, told police that she had alighted from a Pottstown Rapid Transit company bus at Vine street and School lane, Stowe, and was walking along Glasgow street.

She said a young Negro darted from an alley and grabbed her pocketbook and ran east in the alley. She said the purse contained $6 in bills and a picture of her daughter. The purse snatcher was described as about 5 feet in height, weighing about 130 pounds, and wearing dark trousers and a work shirt.

Pottstown Policemen George Wayock and Robert Scheidt started an investigation and, since the incident occurred in West Pottsgrove township, later turned it over to Collegeville State police.

Trio Assessed Fines, Costs In Disturbance at Cafe

Charged with disorderly conduct at the Wallace cafe, 12 South Hanover street, late Friday night, Paul, Ernest and Richard Wentzel, of Douglassville, were given hearings Saturday morning before Justice of the Peace Raymond C. Kelley of the Second ward. Each paid $10 fine and costs. The trio was arrested on warrants sworn out by James Machain, proprietor of the cafe.

4000 Frolic at Hershey Park As Firestone Stages Picnic

An estimated 4000 workers and their families gathered at Hershey Park, Saturday to attend the first annual picnic staged by the Firestone Tire and Rubber company plant here.

Four to five hundred persons jammed into a special train here at 8:20 o'clock yesterday morning and proceeded to Reading's both railway stations to pick up additional employes and their families. The bulk of those attending, however, drove to Hershey Park in cars.

Heitman said that between $800 and $1000 were given out in cash prizes in the course of the days activities. Holding the interest of the picknickers were events for both sexes of all ages, including tugs-o-war, races, pie-eating contests, waltz and jitterbug contests and baby contests.

Firestone employes and their family members wore badges advising park operators of their status, which allowed them free rides on all amusements. Pen and pencil sets and various other useful items were given children in lieu of cash prizes.

Athletic events for the children and adults began about 10:30 o'clock in the morning. Dancing for all filled out the afternoon agenda, and a return train left Hershey for Reading and Pottstown at 7 o'clock in the evening.

Plant officials maintained that the affair was "a grand success" and that in all probability, the pic-

EUROPEAN CRISIS TOPS WORRIES FOR MARSHALL

President May Call Extra Congress Session; Ruhr Coal in Limelight

By JOHN M. HIGHTOWER

WASHINGTON, Aug. 10 (AP)—Secretary of State Marshall and other Government officials will begin a new series of international conferences this week which some authorities here consider may be decisive in uniting or dividing the world.

At some point in these conferences the Truman Administration may face a decision on whether to call a special session of Congress to take emergency action on Europe's financial crisis. There is still considerable uncertainty here whether key European countries actually will be able to survive economically without outside assistance pending congressional action on the Marshall plan in the regular session beginning next January.

The Marshall plan envisages U. S. financial aid to Europe based on an inventory of how much Europe can help herself.

Fresh information on Britain's ability to hold out is expected to be forthcoming in an Anglo-American conference due to begin this week. This meeting, probably in Washington, will deal with possible revison of the agreement under which Britain the past year received a $3,750,000,000 loan from the United States.

The British are proposing changes in the loan agreement which they hope would allow them to conserve their diminishing supply of dollars. Any substantial modification of the loan provisions would require action by Congress.

Similarly congressional action would be necessary if the British formally proposed and the American Administration agreed that the United States should assume part or all of the cost of maintaining the civilian economy in the British zone of Germany.

This latter issue probably will arise, diplomatic authorities say, in a conference of Anglo-American economic and technical experts opening here Tuesday, to consider means of raising the output of the Ruhr coal mines of Germany. More coal is needed from these mines to meet the fuel demands of Europe as a part of the Marshall recovery program.

Secretary of State Marshall is due to leave by plane Tuesday or Wednesday for Rio de Janeiro where he will head the American delegation at an inter-American defense conference.

While the Rio meeting is essentially a Pan-American affair, it will be held against a background of world political conflict centered around the differences between the U. S. and Russia.

CIO Defies Taft-Hartley Law; Voting Guide Given to Unionists

WASHINGTON Aug. 10 (AP)—The CIO today hurled new defiance at the Taft-Hartley labor law by placing in the hands of members a "1947 voting guide"—listing the actions of Congress members—along with advice how to defeat in 1948 those who "voted against the people."

"Let the record speak," counseled an open letter signed by CIO President Philip Murray who the past month sought a test of the new legislation. He then indorsed candidate in a Maryland special congressional election and directed that his statement be published in the CIO News.

But this and similar attitudes toward the law has not yet proceeded Federal action. One section of the act forbids "expenditures" in connection with a Federal election—and this was taken by its sponsors to mean when the law was passed that union-financed papers cannot comment politically on a campaign or election.

The Justice department still is studying the law which was passed to regulate unions and curb strikes. An official said the past week that the act as a whole is being surveyed and comment will be withheld on any one section. Three assistant attorneys general have been assigned to analyze it.

The past Wednesday, the Connecticut federation of labor bought newspaper advertisements seeking defeat of Connecticut Congressmen who voted for the law, an action specifically aimed at testing it.

The AFL previously has sent all unions the voting records of those who favored the law. In addition, the Foreman's association of America recently filed a suit challenging constitutionality of the law.

The CIO News distributed the "1947 voting guide" and Murray's open letter which declared Congress "has failed" the American people.

Murray urged that people organize in unions, wards, precincts and on up, "to get the people registered and to raise the funds to support this drive to make citizenship effective."

On Globe Girdling Flight at 84

The oldest passenger to undertake a round-the-world flight, Mrs. Esther Dower (left), 84, is shown aboard a passenger plane, with airline hostess Regina Hunkell, before taking off from a Los Angeles airport on her exciting adventure. A British subject, she will visit 3 sisters in London after stops ranging from Honolulu to Istanbul.

French Premier Warns Against De Gaulle Views

PARIS, Aug. 10 (AP)—Premier Paul Ramadier asked the French people today to beware "the danger of a strong arm state of a strong man who pretends to be the incarnation of the nation."

The Socialist premier's speech at Agen in southern France, was delivered as Gen de Gaulle said at Alencon that France could have confidence if Frenchmen were united and "turned toward a great and definite aim, guided by worthy leaders."

Both Ramadier and de Gaulle attacked Communist aspirations, with Ramadier speaking against a "mass dictatorship."

De Gaulle appeared at the Alencon liberation anniversary celebration despite a fall last night that injured his right knee and required him to undergo medical treatment.

Ramadier's speech came while the national assembly in Paris debated a critical phase of the proposed new Algerian government statute. The issue has threatened to split his four party cabinet on the eve of a vote of confidence tomorrow over MRP and Communist opposition to Ramadier's proposals for a new municipal electoral law.

The premier, after an obvious reference to Communism, which he said tried through propaganda to change the meaning of the word "democracy," made what his listeners understood as an attack on deGaulle's "rally of the French people" movement.

"There is another danger, on the other side" Ramadier said. "It is the danger of a strong arm state of a strong man who pretends to be the incarnation of the nation, predestined to command without control. That is the way to dictatorship.

"Are those who opened it well aware of this? Let us remember it is not far from General Bonaparte to the Russian campaign. The slope is steep, and the descent brutal."

De Gaulle praised what he termed "the spirit of enterprise" in the French people.

"But it is necessary" de Gaulle said, "that this initiative be guided and oriented."

HOOVER CELEBRATES

LOS ANGELES, Aug. 10 (AP)—Former President Herbert Hoover observed his 73d birthday anniversary today, spending the day with the families of his sons, Allen and Herbert Jr., at the latter's home in nearby San Marino.

Firefighters Save West Coast Ranch

SAN FRANCISCO, Aug. 10 (AP)—A brush and grass fire believed started by hunters broke out today on a ridge along the south side of the Carmel valley, but firefighters, using backfires and garden hoses, saved the famous Double H ranch and the community of Robles Del Rio.

The fire was still burning in two places late today after covering an estimated 500 acres, but no buildings in the area had been burned. Residents who earlier had been reported ready to flee remained at their homes.

The fire broke out between the Double H ranch thorough-bred horse farm owned by Mrs. Henry P. Russell of Burlingame, and Robles Del Rio, a rural community of about 600 persons. The area was about ten miles east of Carmel.

Passenger Train Derailed; 2 Killed

KINGSTON, Ont. Aug. 10 (AP)—The fast Montreal-Toronto-Chicago bound passenger train was derailed and its locomotive overturned, killing the engineer and fireman, tonight as it approached the Kingston station on its westbound run.

None of the passengers was injured.

Eight coaches, including the diner and baggage cars of the train, operated jointly by the Canadian National and Canadian Pacific railways, left the track but remained upright.

Officials could not immediately explain the cause of the accident.

The engine was slowing to its scheduled stop here when the coaches derailed.

During World War I numbers of British troops were infected with anthrax carried on shaving brushes imported from Japan.

Four Persons Hurt As Freight Train Crashes Into Depot

YUMA, Colo., Aug. 10 (AP)—Twenty-eight heavily-loaded freight cars of an eastbound Burlington train derailed today and smashed through the Yuma railroad station injuring four occupants.

State agent Frank Purvis said the two-story frame building, 140 miles northeast of Denver, was demolished.

The 104-car freight train was en route from Akron, Colo., to McCook, Neb., Conductor L. L. Dowing, of McCook, said.

The injured who were released from the Yuma hospital after treatment, were identified as Clayton Green and his wife, night telegraph operator at the station; Mary Sughroue, station day clerk, formerly from Bartley, Neb., and Richard Warkentin, about 14.

The Greens and Miss Sughroue were in their quarters in the second story of the station when the cars smashed into it. Young Warkentin was in the waiting room. He and Mrs. Green were pinned under wreckage and had to be cut out.

Railroad investigators said they believed that a hot journal box caused the wreck. Ninety cars were fully loaded and anumber were upended. Three hundred feet of the Burlington double main track were ripped up by the derailment.

Egypt Wants British To Withdraw Troops

LAKE SUCCESS Aug. 10 (AP)—Egypt today prepared another broadside at Britain in the fight to get Tommies off Egyptian soil.

The United Nations Security council goes back into session tomorrow and early indications were that delegates would split sharply over what to do about the Egyptian demands. One possible solution being discussed was reference of the case to the International Court of Justice.

Guessed Wrong

Actress Anita Louise, wife of producer E. Maurice "Buddy" Adler, gave birth to a six-pound baby girl in Hollywood Saturday and the parents were so confident they would have a boy that "we just don't have a name selected as yet for our beautiful baby girl." It is their first child. They were married in 1940.

Salesman Takes Life In Leap Into Creek

PHILADELPHIA, Aug. 10 (AP)—Harry T. Hartley, 40-year-old supervising salesman for the Atlantic Refining company, plunged 185 feet to his death early today from the Walnut Lane bridge over Wissahickon creek. Sgt. Richard J. Donaghue of the Fairmount park guard reported.

Hartley's coupe, parked in the center of the span with the motor idling and the door ajar, led to discovery of his body.

Four Jews Slain by Gunmen In Holy Land; Arabs Blamed

JERUSALEM, Aug. 10 (AP)—A band of armed robbers killed four Jews, including a woman, and wounded ten others, seven of them critically, with gunfire and a grenade blast tonight after robbing a cafe crowded with merrymakers on a bank of the Yarkon river on the outskirts of Tel Aviv.

A Jewish source who described the attack said about 20 Arabs wearing military uniforms took an undetermined amount of money from the place, the "Hawaii garden cafe."

The assailants, speaking English to those they accosted but Arabic among themselves, started a disturbance and were immediately set upon by cafe employes and patrons, who drove them from the establishment, the source said.

As the attackers retreated, they opened fire and tossed a grenade on to the dance floor, where an orchestra had been playing and a large number of gay couples had been dancing. The robbers fled into Arab-owned farmlands nearby.

Jewish sources said the attack was the biggest Jewish-Arab clash since the Arab revolt of 1936. The same sources said the woman was killed as she was dancing and that a Jewish comedian who used the stage name "Jeep" fell wounded as he hung into a microphone.

The cafe operated by Jews, is in an Arab-owned building.

Haganah, the moderate Jewish underground group, issued a circular earlier in the day warning that "Arab terrorism will be increased" and that Arabs were organizing robber bands "which will be converted into commando forces to attack the Jews in Palestine."

The organization of the cafe attack gave rise to speculation in some Jewish quarters in Tel Aviv that the attack was designed not so much for robbery as retaliation for an attack by a Haganah squad on an Arab coffee house at Fega near Petah Tikvan two months ago. Two Arabs were killed and seven were wounded in that raid which Haganah said was made in order to halt Arab attacks on Jewish settlements.

RED AMBASSADOR RETURNS

TEHRAN, Aug. 10 (AP)—Ivan Sadchikov, Soviet ambassador to Tehran, returned to his post here today after a two-month absence, and Iranian political circles speculated that he was bringing new instructions for negotiating Russian oil concessions in Iran.

"I LOST 51 POUNDS"

.. How Candy Plan Slims Down Figure

Mrs. D. M. Hawkins, Texas says: "Once I weighed 170 lbs. Now 119 lbs. Lost weight and inches with delicious AYDS Vitamin Candy Reducing Plan." Your experience may or may not be the same but try this easier reducing plan. Very First Box Must Show Results or Money Back.

In clinical tests, conducted by medical doctors, more than 100 persons lost 14 to 15 pounds average in four weeks with the AYDS Vitamin Candy Reducing Plan.

No exercise. No drugs. No laxatives. You don't cut out any meals, starches, potatoes, meats or butter—you just eat them down. Simple when you enjoy delicious AYDS Vitamin Candy as directed. Absolutely harmless. 30 days' supply nutritious AYDS $2.25. NOW, phone or call at

Wage Pool to Go To Non-Production Workers at Spicer's

How to distribute half-cent pool collections of Spicer employes was determined at a session of the Spicer UAW union, Local 644, when it met in the King street CIO hall yesterday morning.

It was pointed out that a general wage increase, set up the past May 11 to correct inequities, constituted a distribution problem arising out of the raises of 5½ cents an hour to production workers, and 12½ cents to non-production employes.

The half cent on both rates, covering all employes, then went into a pool. It will be divided among non-production workers. The union feels that these employes are underpaid.

Since May 11, the company and the union has been trying to determine the distribution of monies thus collected, which amounts, because there are more than 1800 employes, to $9.27 an hour. The awarding of the pool collections to non-production workers was ratified and accepted at yesterday's meeting.

The lengthy meeting also included various committee reports, one of which was Secretary John Shaner's account of the Spicer council session in Lansing, Michigan.

President Harper R. Diener presided at the meeting yesterday.

Obituaries

Funeral services for **HORACE S. GAUGER**, husband of the late Annie (Taggart) Gauger, **520 SPRUCE STREET**, who died suddenly the past Thursday morning following a heart attack, were conducted at 2 o'clock yesterday afternoon from a funeral home at 404 High street.

The Rev. Howard A. Kosman officiated. Interment was made in East Coventry Mennonite cemetery.

Bearers were Merrill, Morris, Warren, John and John D. Gauger and Andrew Domin.

Funeral services for **DORA M. (ELLIS) GREEN JOHNSON**, wife of Rufus Johnson, **572 WALNUT STREET**, were held Saturday morning at 9 o'clock from a funeral home at 466 North Franklin street. A requiem high mass was celebrated at 10 a. m. in St. Aloysius Catholic church by the Rev. Thomas D. McCrossen.

Interment was made in St. Aloysius cemetery.

Bearers were Richard Thornten, John Henry, Edward Smith, Columbus Massey, Thomas Carter and Edward Grey.

Hole in Car Window Investigated by Police

A hole, believed to have been caused by a bullet from a small caliber rifle, was discovered in the window of the car of Vincent Frederick, 243 Bridge street, Phoenixville, at 2:50 o'clock Saturday afternoon.

Frederick made the discovery after he came out of the office of Dr. Lee Mauger, King and Penn streets. The car had been parked nearby.

Special Police Officer Andrew Kovach is investigating the case.

Canada's population increased from 3215 in the first census taken in 1666 to 11,506,655 in the 1941 census.

Arson Attempt Fails In London Synagog

LONDON, Aug. 10 (AP) — An apparent attempt to burn a London synagog was reported to police today.

David Leader, an official of Finsbury park district synagog, said burning paper saturated in oil and paint was pushed through a window of the building during the night, but burnt itself out without doing any damage.

The incident followed a number of attacks on Jewish-owned stores and other buildings the past week, following the hanging of two British sergeants in Palestine.

Good Wills Hold Monthly Meeting

The monthly meeting of the Good Will Fire company was held yesterday morning at the fire house with President Leslie D. Rhoads in the chair. Frank Allond acted as recording secretary in the absence of J. Ernest Spare.

Following were appointed to the fire police unit: Donald Davis, Andrew Ciaciak and William Tosto. Two were elected to membership in the company.

Chief Engineer Rollin Klink reported the new pumper is in first class condition. A suggestion was made that the old pumper be placed in storage.

The contract for widening the front doors of the fire house was awarded to Irvin T. Stout, 545 Spruce street.

Twelve members of the company who completed the recent fire school course will attend the dinner affair of the group to be held Thursday evening, Aug. 21, at Lakeview inn.

The company responded to four fire calls in July. There were 153 ambulance calls.

The session was attended by 45 members.

Most birds have strong leg tenons so arranged that when the bird settles down on a perch the toes are locked in place.

Education begins with life. Before we are aware the foundations of character are laid, and subsequent teaching avails but little to remove or alter them.

Carelessness Can Be Cured

(See Cartoon "Dead Wrong")

OLD SAWS and sayings to the contrary, you can teach an old dog new tricks. We admit it is more difficult than teaching him the right things when he is young. Altering the ingrained habits of a lifetime often takes little short of dynamite.

That is why we have a difficult and serious problem before us in the nation's present efforts to cut down the annual slaughter on our streets and highways.

Too many drivers have become habitually poor—even dangerous—drivers. Long accustomed to ignoring the simple rules of safety and to daily taking unnecessary chances, the ordinary driver unconsciously contributes to the death and injury in traffic.

If we are to save our lives and the lives of our neighbors, we must now change those habits and teach the man behind the wheel—and the unhappy pedestrian who is often under it—a new and sane regard for safety.

• • •

Though it will be hard for some individuals to break with habit, we are fortunate that older drivers are blessed with the reasoning power that comes with maturity, for this will enable them to grasp the importance of safety and their individual responsibilities in securing it.

Each driver and pedestrian has a responsibility to conduct himself on the streets and highways with constant regard for the rules and with constant consideration for the rights of others.

In the final analysis, the individual is supreme. He can, by his act, in a fraction of a second either fulfill the mandate to be a safe highway user or nullify the effort which has been expended to safeguard lives and property.

There is no substitute for individual caution, and no excuse for individual carelessness.

Probe May Produce Law

BEHIND the headlines and the politics of the Hughes investigation there's a law in the making, "Business Week" asserted in its current issue.

"It's a law seeking to write 'arm's length' dealings into the relations between government procurement officials and contractors.

"For instance, both Brewster and Ferguson talk about prohibiting military procurement officers from taking a job—after the war—with companies with which they did business during the war.

"Also Brewster thinks civilians drafted into government jobs in wartime should be required to sever all business connections. And he would bar them from any dealings involving their old firms.

"The senator's idea is to put these provisions, and more, into a permanent code covering negotiation, renegotiation and settlement of war contracts. They'd pass the law at the next session and make it effective whenever normal government buying techniques are tossed overboard to speed procurement."

Farm Work Dangerous

FARMING is nearly 75 percent more dangerous than the average of all industrial work in the U. S. So the National Safety Council reported recently.

In 1946, 4500 farm people were killed doing out-door farm work. That was 27 percent of all the nation's occupational deaths.

Another 7000 farm folks were killed in automobile accidents, and 6500 in accidents in farm homes.

Accidental deaths from all causes were up sharply among farmers—from 17,000 in 1945 to 18,500 in 1946.

Selected Spuds Wanted

HOW DO housewives want to buy potatoes?

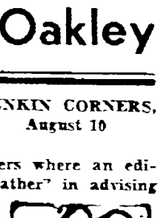
In 10-pound packages, instead of in bulk, according to a survey made by Colorado A. & M. College. Moreover, the women are willing to pay more for guaranteed quality; and they'd like potatoes sorted according to cooking quality, so they can buy bakers, or boilers, or fryers.

Grampaw Oakley

PUNKIN CORNERS,
August 10

Editor, The Mercury,
Dear Sir 'n' Brother:

Wal, I see by the papers where an editorial says "ignore the weather" in advising how to keep cool. Fine! But it still would be better if weather could only ignore us.



A woman writer says there should be a minimum age limit of 30 for beauty contest entrants. I agree. I always said there was none as beautiful as Mom.

And say: A beauty contest winner says she isn't in the slightest interested in men. Sorry dear, but that attitude isn't mutual!

Hopin' you air the same,
GRAMPAW NED OAKLEY

READERS SAY:

Nice Vacation Here

To the Editor: There are many people who complain there is nothing to do around Pottstown and they envy the people who go to the seashore and the mountains for their vacations.

I wonder if these people ever sat down with a paper and pencil and tried to think of things to do in and around Pottstown, I am sure they would be agreeably surprised.

Right within easy motoring distance of Pottstown we have the wonderful recreational area of Montgomery park near Green Lane and the beautiful woods of Hopewell in lower Berks county. We also have the beautiful, historic shrine of Valley Forge not too many miles distant.

In addition Nature has favored us with lovely countryside no matter which way we turn. There are beautiful automobile drives everywhere and usually there are excellent eating places, comparable to the ones at famous resorts. We have swimming at Sunnybrook, along the Perkiomen, in the Manatawny and in Chester county.

If people would only stop envying others and count the blessings which they have but to which they usually are blind, this would be a better world.

Pottstown MRS. F. G. H.

Golden Rule Not Doctrine

To the Editor: Real reformation is the only way of economic salvation for the wonderful "democracies" and sanctuaries of "freedom" in Western Europe.

But such necessary reformation will not take place unless Uncle Sap discards the "Truman Doctrine" with its ghastly world-wide Hitlerite war against the spread of Communism and Uncle Sam insists that all the European nations adopt the principles of the Golden Rule in their dealings with one another—the only possible way to peace, security and prosperity.

Pottstown P. R. S.

The Worry Clinic

By DR. GEORGE W. CRANE

LORING M., 29, was an attorney enrolled in my evening course in social psychology.

"Dr. Crane, my sweetheart and I have been having an interesting debate regarding the emotionality of women," he laughed.

"Last week you talked about the emotional differences between men and women. We've been arguing since then on a somewhat related topic.

"For example, do you think men understand women better than women understand men?"

• • •

This would make an interesting debate topic, for much can be said on both sides. However, I believe I'll cast my vote for the women. Taken as a sex, I believe they understand men better than the male understands the female.

And here's why. In the first place, I think men are more predictable in their behavior and hence are easier to diagnose. Women, as I have told you previously in this column, are always half adult, half child in their emotional outlook.

So they never reach the predictable emotional maturity which men attain, for they never grow to be the physical equals of the male adults whom they admired in childhood. Boys, however, grow to be as tall and as strong as their fathers and superior in these respects to their mothers.

But the little girl, even when she becomes a woman, is still inferior in strength and height to the male. Hence, she retains some of her former childhood attitudes. Thus, women may be brilliant and competent, often excelling many men at a man's type of work.

But then just when she has acquitted herself nobly, she'll break down and cry over some trivial item. It is this inconsistency which mystifies most men. If you will just realize, however, that women are emotionally half child, half adult, you can easily follow their moods.

For example, a young woman may tell her boy friend that she hates him. He'll react with surprise, then irritation, possibly quarrel violently, and then go home in a huff. After which she'll cry till dawn because that was the last thing she wanted.

Then what did she have in mind by saying she hated him? Very often she simply meant that she had stinted for a month to buy a new frock and the big lummox didn't even notice it. Or she had sat waiting for a kiss or some romantic petting, but he did nothing but talk about the chances of the Yankees versus the White Sox.

A wise man learns that a firm embrace and plenty of long movie kisses will wipe away both tears as well as feminine anger. Unfortunately for girls, the average male argues with them in such a situation instead of overwhelming them with ardor.

Shakespeare knew this psychological truth, when he wrote "The Taming of the Shrew." But Shakespeare was primarily a psychologist.

I believe women are better psychologists than men because they more often study people instead of engineering, mathematics, accountancy, etc. Women's chief interest in life is people, including men.

But men divide their interest between their profession or business and women. Wouldn't you agree that old bachelors are more content than old maids?

Because women study people and try to learn the reactions of men, I think they know more about men than men do of women. So a woman can usually detect when her mate is developing an interest in another woman.

But men can go along in entire ignorance of such affairs between their wives and other men. I know scores of husbands who were completely surprised when their wives announced that they were filing for divorce.

These husbands hadn't seen the storm signals, although they had been quite obvious for a year or two previously.

If men studied women as closely as women study men, I think there would be more happiness and fewer divorces. Men too often take women for granted and the child phase of her emotional life will not tolerate this affront.

A child's idea of affection is kisses or a hug. That view is also typical of women.

WASHINGTON

Committee to Probe Europe's Complaints

By ROGER WARREN

(During Ray Tucker's vacation, Roger Warren will conduct this column.)

WASHINGTON, Aug. 10—Congressmen are so fed up with Administration secrecy regarding our role in foreign affairs that they are banking heavily on their own fact-finding House Committee of Nineteen to give them the low-down.

Eaton

This new group is about ready to shove off for Europe on a "look-see" tour. Its chairman, Charles A. Eaton of New Jersey, will remain here to correlate reports.

But its originator and vice chairman, Carsman A. Herter of Massachusetts, and 17 other Congressmen representing Committees on Agriculture, Appropriations, Ways and Means and Public Works will make a six-weeks first-hand investigation of the Continent.

• • •

WEAKENING: Its key objective, to quote the resolution creating the committee, is "to make a study of any or all measures which might assist in assessing relative needs and in correlating such assistance as the United States can make properly without weakening its domestic economy."

The last five words are especially significant. They reflect the mood growing in Congress, particularly in the Republican Party, to keep Santa Claus from committing suicide.

As the trip is not the usual legislative vacation junket but a serious quest for facts by a hand-picked group of sharp-eyed legislators, its report may be the basis of an entirely new foreign policy.

The Marshall Plan as yet is merely a promise without particulars. The committee's report will be both a record and a specific suggestion. Hence instead of the Marshall Plan the American program for aid to Europe may be called the Herter Plan, the Committee of Nineteen Plan or some such name identifying it with the Committee.

• • •

DISGUSTED: The public little realizes how disgusted the average Congressman is with the information handed to him by the Administrative Departments. He is kept in ignorance of top secret foreign affairs and yet is expected to vote without questioning for every international scheme hatched by the State, Army, Navy and Commerce Department.

He can rely neither on the watered reports released by the Administration nor on the so-called authentic reports from overseas governments.

One month ago Washington diplomats were biting their finger nails over the fate of Italy. They warned that unless Uncle Sam stepped in immediately, she would crash and go Communistic. Today the official reports point out a remarkable recovery. Northern factories are booming so well that postwar record exports will pour out and more raw materials are needed.

Hard-headed Congressmen detect bunk somewhere. No nation could recover so fast so soon. If Italy is well off today, she could not have been tottering on the brink of ruin in early July.

• • •

CATASTROPHE: The British crisis is another point of dispute. Reports were released here and in London in the early Summer that the United Kingdom was slowly getting on its feet. Now Federal economists whisper that a terrific catastrophe will burst around Labor Day.

The recent drastic control measures voted by Parliament indicate that the situation is bad. Congressmen charge that the United States Treasury Department has been over-optimistic about the British situation because Secretary Snyder uses reports two months old.

Republican Congressmen have no confidence in the British Socialist Government. Some think that the best way to get rid of it is to let Britain go to the wall for a time and to trust that the English voters will elect a new government able to cope with economic emergencies.

But they also realize that if Britain brings home all her troops from Germany and Middle East, United States soldiers may have to take over.

• • •

FRANCE: Many Congressmen accuse France of double talk. Her ministers say one thing for publication and another privately.

No one seems to know whether or not she will agree to a modest revival of German industry as an aid to general European recovery. Those best informed on French conditions say that the current danger is not from French Communism but from a Fascist coup d'etat.

The Committee of Nineteen will attempt to discover the truth about Europe and then to consider how much aid we can give and through what agencies, whether private, public or international, such assistance should be distributed.

• • •

ADVISERS: Allied with the Committee and its expert personnel are three outstanding American businessmen who will act as advisers. They are Julius Klein, James M. Hancock and Allen W. Dulles.

Klein has close connections with former President Hoover. Hancock with Bernard M. Baruch and Dulles with his brother, John Foster Dulles. None of the three represents gullible star-gazers but all are authorities on realistic internationalism.

Although Hoover is not directly connected with the Committee, he is greatly interested and probably will be a source of advice. Herter was a member of the Hoover relief organization after World War I.

The Committee will first go to London and then to the Ruhr so that its members can see first hand the effects of war's greatest desolation. Thereafter subcommittees on different subjects will scatter and make special studies all over western Europe. Later the members will reassemble and draft their report. They expect to arrive home by October 9.

Readers' questions on national affairs are discussed and answered each Saturday in this column. Readers are invited to send question direct to Ray Tucker, 6308 Hillcrest Pl., Chevy Chase, Md.

DEAD WRONG

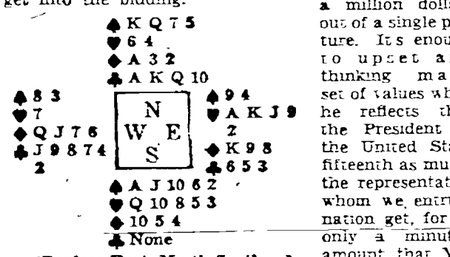
Bridge

By SHEPARD BARCLAY

Tell Him That You Lied

You have a special duty to your partner in the later bidding if you have in any way told a falsehood with one of your earlier actions. This applies just as much to a player who had made an early pass with a big hand as to one who had bid with a much weaker one than his call indicated. In the latter case, the player must protect his side from a costly business double by his partner as a rule, by taking it out into his own suit length. In the case of the man who passed a big hand, he must take emphatic action if his partner happens to get into the bidding.



(Dealer: East. North-South vulnerable.)

East	South	West	North
1♥	Pass	2♣	Pass
Pass	2♠	Pass	3♠

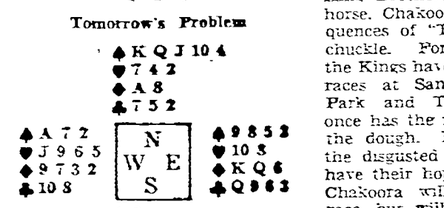
There are players who would bid 1-Spade in the South over East's 1-Heart; though it would be plenty risky with the side vulnerable, especially when the large number of hearts indicated West to be short in that suit and therefore possibly holding enough spades for a damaging double. Practically all players, from fair to fine, would pass. But the same cannot be said of North's hand.

Failure to double with that big hand could be justified only on the ground that influenced North — a hunch that a pure gamble might pay. It was, of course, his hope that the opponents would get into trouble. After East showed up his own minimum by passing the 2-Clubs when many would at least have rebid the hearts, South was acting soundly when he chanced a reopening call of 2-Spades, with indications now that North could well have a nice fit for the suit.

So far so good. But when this came around to North and he gave just a single raise he did the most unsound thing of the entire auction. South could not possibly be expected to guess North for as much strength as he had, or anywhere near it. Because of that weak bid the pair missed an easy game, as only two heart tricks were lost. North on that second turn should at least have jumped to 4-Spades, and probably a better call would have been a cue-bid of 3-Clubs to probe for possible slam. South would have refused the invitation with 3-Spades and North then should have taken it to game in the suit.

• • •

Tomorrow's Problem



(Dealer: South. Neither side vulnerable.)

What signal is vital to the defense against South's No Trump game after the diamond A is removed from the dummy and the spade K led?

In Hollywood

By JIMMIE FIDLER

HOLLYWOOD, Aug. 10—Estimates of Ingrid Bergman's probable earnings from "Arch of Triumph" (salary plus percentage of profits) range as high as $1,000,000. And those estimates, please note, are advanced by hard-headed accountants rather than by publicity men.

Ingrid Bergman

Fantastic? Of course, it's fantastic to think of any star making a million dollars out of a single picture. It's enough to upset any thinking man's set of values when he reflects that the President of the United States is paid only a fifteenth as much per year, and that the representatives and senators to whom we entrust our destiny as a nation get, for a year's lawmaking, only a minute fraction of the amount that Miss Bergman is expected to glean from a few months acting.

I'll agree with anyone who wants to argue that she, and the 20 or 30 other stars who now are demanding, and getting, a quarter of a million or more per picture, are overpaid. But if any star is going to be paid million – dollar checks, I'm glad it's Ingrid Bergman, for she has contributed far more to the American motion picture industry than any other actress in history.

Not only has she been the box-office magnet in a long series of hit pictures, she also has been responsible for a tremendous upswing in the respect paid to fine acting. She has been a pace-setter for every player in the industry. The caliber of her performances has made the theater-going public more critical of the slip-shod acting that it once accepted without question. She has taught producers that good acting is more important than shapely legs. In short, she has been a badly-needed tonic for the entire industry. And perhaps a million per picture isn't too high a bill to pay for the medicine.

• • •

According to inside reports, Director Billy Wilder's current jaunt to Paris was inspired by his yen to sign Marlene Dietrich for the role of a sinister Nazi spy in a forthcoming picture. In view of Miss Dietrich's magnificent war record, and her standing with hundreds of thousands of ex GI's, it seems to me that it would be gross miscasting to put her into such a part. Wilder might just as well try to persuade General Eisenhower to don a black mustache and play Adolph Hitler.

• • •

Behind the routine story that the King Brothers will use their own horse, Chakoora, in race track sequences of "The Tenderfoot," is a chuckle. For nearly two years, the Kings have entered Chakoora in races at Santa Anita, Hollywood Park and Tanforan, and never once has the nag galloped home in the dough. In "The Tenderfoot," the disgusted owners are going to have their hopes fulfilled for once. Chakoora will not only win the race, but will come in a full five lengths in front of the field.

Gossip in Gotham

A member of the Cabinet is breathing sighs of relief now that it looks as though the Hughes investigation will pass him by. He, too, was entertained by the aviator, but the committee just couldn't get up enough evidence to call him, and he's too important to be toyed with . . . Johnny Meyers intimates say the free-spending publicity agent was "more than kind" to several important personages, including Elliott Roosevelt. They claim his testimony, while truthful as far as it went, would have been much more colorful if he'd volunteered information in his possession . . . MGM is denying the persistent rumors that Louis B. Mayer is about to resign his post with Leo the Lion outfit and go with Universal-International . . . Michael Stone, the socialite novelist, will marry a copper mining biggie when his divorce is final. Her ex-husband, textile tycoon Herbert Freezer, will waltz down the aisle almost simultaneously with dancer Eunice Healy. When Michael and Herbert parted they made a sentimental pact not to marry again until both had found new partners.

Lois Andrews

• • •

Tops in Town: The Andrews Sisters doing their novelty number, "On the Avenue," at the Riviera . . . Gary Cooper's performing in "Unconquered" . . . The way Sonny King warbles "You're You" at the Casa Seville on Long Island . . . Coupe Lena Horne, a delicious dessert, at the Town Penguin . . . The Larry Clinton Album, "Story of Romeo and Juliet" (Rainbow).

• • •

Moss Hart squirmed visibly at Henry Morgan's "interpretation" of Sheridan Whiteside in the Westport version of "The Man Who Came to Dinner." The comic actually ad libbed into the wonderful Kaufman-Hart dialogue . . . Lois Andrews and husband Steve Brodie are making noises like a battle . . . Ex-Mayor LaGuardia has been ordered back to the hospital for another observation . . . The Lafe Henies (he's Sonja's brother) will lullaby in January . . . Noon strollers along Park Avenue were startled the other day by the shiny new convertible which tore by, horns tooting, streamers flying, occupants screaming—with a sign on its rear reading "Just Divorced!" . . . Former war correspondent Lee Carson Putnam goes to the hospital this week. Serious eye trouble.

• • •

West Coasters who have been circulating the reports that Judy Garland was in a sanitarium, following her recent breakdown, will be startled to learn that Judy was in New York only the other day. She's now in Stockbridge, Mass., enjoying the music festival . . . Rita Hayworth's most recent bridegroom gave a lot of reasons for his trip to England, but the real purpose is to try to effect a reconciliation with the star. He's been carrying a terrific torch for her and has lost pounds since she told him the parting was final. His competition over there will be a blond band leader who followed her across the channel . . . Marianne O'Brien (Mrs. Dick) Reynolds is at last on the road to recovery after the birth of her son. She was on the critical list for more than a week . . . Night club owner Lou Walters has purchased property on 58th street. He'll open a chic restaurant, non-floorshow type . . . How low can bargains go? A double feature movie house on 42d street offered its divertissement for 1¢ cents the other morning. Or nine cents a feature!

Pottstown Sketches

By PHILLIPS

"Why should I object, Robert Basile? . . . It's his own money."

ALL AROUND THE TOWN

'What Is It?' Beams... As Shore Attraction...

EXHIBIT — Pottstown's "What Is It?" is keeping strange company these days. The animal—trapped last Summer in northern Chester county and raised by George Sheffey, 434 Cherry street—has the body of a raccoon, a lion-like tail, a flexible, piggish snout and an opossum's face. After Sheffey sold it, the thing disappeared. This week Pottstonians reported that "What Is It?" is being shown at an Atlantic City amusement pier. Its colleagues include a golden hamster—such as won the "most unusual" class for Henry Stettler Jr. in Wednesday's pet show at Boyertown. The little, rodent-like hamsters have recently achieved fame in scientific circles because they can breed faster than a rabbit or guinea pig can say "I do." . . .

• • •

THE PIER EXHIBIT, which also features the "world's biggest rat" (or smallest muskrat, depending on your view) and four love birds that seem to have fallen out, is absolutely free—after you pay your way on the pier. But exhibitors will not insult you if you should drop a coin or two in the huge box for "voluntary" contributions. For Sheffey, "What Is It?" used to make low, hissing noises. At Atlantic City, it didn't say anything, just sat and sulked.

• • •

TRIP — While Pottstown was simmering in a couple of heat waves the past few weeks, Mr. and Mrs. Ernest N. Dixon, 372 Spruce street, were tossing snowballs in the Rockies! "Pop" Dixon was telling friends about this oddity when he returned to the selling side of the counter at the Cole Tobacco company, 219 High street, Friday. He is president of the firm. Dixon and the missus took a 32-day trip of 7761 miles through the northern tier of the United States and into Canada. His happiest recollections were about Yellowstone National park, Spokane, Seattle, Portland, Denver and Cold Springs. He drove all the way, didn't have a bit of trouble and "came back with the same air in the tires," he reported. Moreover, the food was excellent. Better steaks than we get around here was the Dixon fare, he said, and he had ham and eggs every morning of the 32 but one. That food report was made because Dixon a year ago traveled into New York State during rationing, and almost died of starvation! The trip was longest in seven for Dixon.

• • •

—SATURDAY SNICKER, moved up to Monday, again:

"Mistress: "Marie, when you wait on the table tonight for my guests, please don't spill anything."

Maid: "Don't you worry, ma'am; I never talk much."

YOUR HEALTH

By HERMAN N. BUNDESEN, M. D.

ONE of the strangest of all head pains might be called "five-minute headache." In this disorder there is usually an attack of severe pain in the face, forehead or behind the eye, limited to one side. Along with the pain there is a swelling of the tissues, watering of the eye and congestion in the nose. Though most uncomfortable while it lasts this headache is short-lived, each attack lasting from five minutes to an hour and occurring daily over a period of weeks or months.

Doctors call this disorder histamine cephalagia. It is due to the fact that histamine, a chemical which the body normally produces in small amounts, is suddenly increased until there is enough present to cause irritation.

In treating histamine cephalagia, it is suggested that injections of histamine be given under the skin, starting with a small amount and gradually increasing the amount. There are other substances which also may be utilized, such as one called histaminase, as well as the more recently discovered preparations, pyribenzamine and benadryl.

One of the most common causes of head pain, according to Dr. Frank N. Allan, of Boston, is migraine, a condition in which there are attacks of headache frequently followed by sickness to the stomach and vomiting. The condition tends to run in families.

Attacks often may be prevented or lessened by using a substance known as ergotamine, which can be either taken by mouth or given by injection into a muscle.

Pain in the head may also be due to high blood pressure in which case, the attacks occur in the morning and wear off during the day. Such headaches may be relieved by the use of sedatives or quieting drugs. If these are not effective, Dr. Allan suggests giving potassium or sodium thiocyanate. These preparations are helpful in lowering the blood pressure, but can only be given over a short period of time as reactions to them often occur.

In some cases, headaches may be due to what is known as physical allergy, that is, sensitivity to such things as heat and cold. In some instances, the attacks occur as a result of exposure to drafts or changes in temperature, causing tenderness of the muscles of the head and neck. Improvement has been brought about in such cases by means of injections into a muscle of niacin, which is a part of the vitamin B-complex. After two or three months' treatment, the preparation can be continued by mouth, taken three times a week.

Thus, it is easy to see that the story of headache is a long and complicated one. Pain in the head may be a symptom of serious or underlying disease and that is why persistent headache should always be brought to the attention of the physician, even though in most cases it is fortunately a symptom which is more distressing than ominous.

practice will not be followed here this year, Cimino said.

The lodge secretary predicted that "a big crowd" would turn out for the affair, but could not estimate the approximate number of celebrants who will visit the South Washington street playground area.

Forty members attended yesterday's meeting, at which 10 new members were initiated.

President Jerry Ottaviano presided at the meeting. Routine business was completed before the discussion of plans for Assumption Day.

Medical Test Proved This Great to Relieve MONTHLY

FEMALE PAINS

Are you troubled by distress of female functional monthly disturbances? Does this make you suffer from pain, feel so nervous, restless, weak—at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms!

In a recent medical test Pinkham's Compound proved remarkably helpful to women troubled this way. It's what Doctors call a uterine sedative. It has a grand soothing effect on one of woman's most important organs.

Taken regularly — Pinkham's Compound helps build up resistance to such distress. Also a great stomachic tonic!

SCHOLARSHIP —

(Continued from Page One)

Japan is that the officials of that country are looking toward Christianity with hopefulness," the young speaker told her audience.

"The premier of Japan, under the new constitution, is a Christian, and has expressed the belief that the future government of Japan must be guided by Christian principles.

"General MacArthur has asked for 1000 missionaries to that country," Kitty Lou declared. She disclosed that 77 Protestant missionaries already have left for the Far East.

Bishop James H. Straughn, resident bishop of the Pittsburgh area, presided over the final contest and awarded the prizes.

The five judges in the contest, sponsored by the Council of Secretaries of the World Service Agencies of the Methodist church, were Methodist church officials from Delaware, New Jersey, New York and Pennsylvania.

In addition to the Rev. and Mrs Olewiler, Pottstonians who heard the prize-winning address were Lorene Perkins, Dorothy Pearce and Stanley Koval, friends of Miss Olewiler.

Six contestants participated in Saturday's verbal struggle. Each of these won a place in the finals by eliminating other competitors in contests held in their local church, district, annual conference, and episcopal area contests.

The six episcopal areas represented in Saturday's finals constituted the Northeastern Jurisdiction of the Methodist church, consisting of 20 annual conferences, 83 districts, and more than 5000 Methodist churches, according to the Rev. Olewiler.

Brain-weight in proportion to body weight is about 1/50 in normal, healthy adult men; 1/14,600 for whales.

FOSTER WINS CUP

NEW YORK, Aug 10 (AP)—Danny Foster, Rocky Oakland, Calif., speed merchant, drove the Detroit-owned Miss Peps V, to victory today in the 40th running of the International Gold Cup regatta in Jamaica Bay.

ACCIDENTS —

(Continued from Page One)

a damaged right front fender, running board and right rear fender, and the right front tire was blown out.

Motor Patrolman Earl J. Rooney investigated the collision.

Thomas Ira Fisher, of Pottstown RD 2, reported to police at 6:25 o'clock Saturday night that his automobile struck a motorcycle on High street between Washington and Warren streets. No one was injured.

Fisher told Police Sgt. Daniel J. Linton that he was traveling east on High street. He halted at Washington street for a red signal and, when it changed to green, he started again. He said a motorcyclist, who had pulled alongside his car, started an argument with him and later ran his cycle in front of the car. The collision resulted.

Police were notified at 3:45 o'clock Saturday morning that damage had been caused to the car of John Crist, of 80 North Adams street, while it was parked in Buttonwood alley between Washington and Franklin streets. It apparently had been struck by another car.

No one was injured in a two-car crash Saturday night at 5:15 o'clock at the intersection of Sunnybrook road and East High street. Motor Patrolman Thomas A. Lawler and Patrolman Paul Bridegam investigated.

Police said that a car operated by John R. Steffy, of Norristown, was going west on High street in the second lane. Eugene Steinmetz, of 25 West High street, Stowe, was driving east in the second lane and made a left hand turn onto Sunnybrook road. The cars collided on the north side of High street. The left sides of the vehicles were damaged. They were towed to a Sanatoga garage.

Edwin Y. Dengler, of 427 Glasgow street, Stowe, had a narrow escape from injury yesterday afternoon at 2:45 o'clock.

He had driven his car into a parking space in front of the post office. High and Washington streets, and opened the door to get out. A car operated by Edgar Buchanan address unknown as yet to police, drove into the next parking space and struck the door. Dengler was not injured, but the door was damaged.

Dengler reported the incident to police at borough hall.

Dismembered Body Of Woman Is Found

DETROIT, Aug. 10 (AP)—A young woman's dismembered body, the head and lower parts of the legs missing, was found today in an alley about two miles north of downtown Detroit.

Two sections of the torso were recovered but police were unable to find either the head or lower parts of the legs.

Senior Inspector John O. Whitman of the homicide squad said four men were being held without charge for questioning.

Whitman said one of them, Harold Kitchen 32, identified the body as that of Mrs Jean Howard Treaki, 18.

The upper section of the torso had seven pick marks on the chest, according to the inspector, and there were marks on the right arm indicating the woman might have been bound before her death.

Woman's Body Is Found Near Cleveland Park

CLEVELAND, Aug 10 (AP) — A passerby discovered on the edge of Brookside park today the nearly nude body of a woman later identified by police as Mildred McKelvey, 31, a housekeeper at a hotel. She had been beaten and strangled.

Identification was established at city morgue by Patrolman John Sirkot, who recalled having arrested the woman on an intoxication charge. It was confirmed by Myron McKernan, manager of the Small hotel. Sirkot said the woman had been arrested six times in the past year for intoxication.

The detectives said, pending a coroner's report, that the woman apparently died of strangulation. A torn slip was found around her neck.

High wartime nutrition levels shifted from increased consumption of almost all foods, but especially of milk, eggs, vegetables, and citrus fruit.

ONLY THE

BENDIX

Gives You "WORKLESS WASHDAYS" Plus These 4 FAMOUS FEATURES:

1 2 3 4

CLOTHES-SAVING TUMBLE ACTION

Tumble Action gently lifts clothes in and out of suds! No agitator, no wringer, no twisting wear and tear. Safe, even for dainty things.

WATER-SAVING CYLINDER

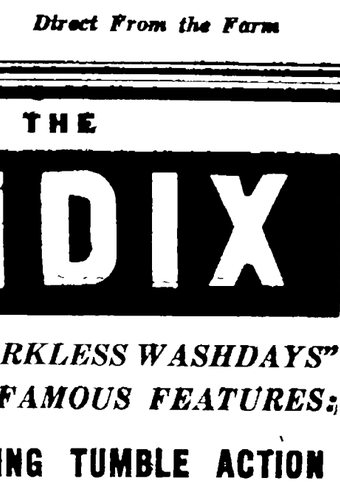
Washes and rinses a big nine-pound load of clothes with gallons less hot water. Saves soap, too!

EXTRA-CLEAN TRIPLE RINSING

The better the rinse the better the wash. With soil-laden soap so thoroughly rinsed away your whites come whiter—colors clearer, brighter!

BASKET-LEVEL PORTHOLE

No more hoisting wet, heavy clothes over the top! Just tumble the clean, damp dry laundry into the basket.



SEE A DEMONSTRATION TODAY

The Bendix washes clothes super clean—rinses three times—changes its own water—damp dries clothes—cleans itself—shuts itself off! See it for yourself—the easiest washday on earth! The only automatic washer that's been performing these washday miracles for nine whole years! There's no question about the Bendix. It's been proved in use.

...AND THE BENDIX COSTS $40 TO $100 LESS THAN OTHER AUTOMATIC HOME LAUNDRIES!!!

YOU, TOO, CAN OWN A BENDIX FOR ONLY $2.75 WEEKLY

N. Jane Bitting Becomes Bride at Afternoon Ceremony

Simplicity marked the wedding of Miss Norma Jane Bitting and Mr. Harold R. Diffenderfer on Saturday afternoon at 3 o'clock in St. James Lutheran church.

The bride is the daughter of Mr. Clarence K. and the late Mrs. Emma I. Bitting, 1613 High street, and Mr. Diffenderfer is the son of Mrs. Anna Custer, Pottstown RD 1.

Before the assemblage of immediate relatives and close friends, the ceremony was performed by the Rev. Gustave W. Weber, pastor, with Miss Caroline Amole and Mr. Eugene Jenkins as their attendants.

Miss Bitting wore a cocoa brown cotton dress with white accessories. The dress had a V neckline, cap sleeves and a bustle featuring fullness in the back of the skirt. Her white half hat was trimmed with grosgrain ribbon and lilies-of-the-valley. She wore a double strand of pearls which were a gift of the bridegroom, and a white orchid corsage.

He only attendant, Miss Amole, was attired in a pink print dress and white accessories. Her dress had a keyhole neckline, cap sleeves and featured a fishtail. Miss Amole's corsage was of sweetheart roses, stephanotis and delphiniums.

Wearing a blue and white print dress with white accessories, the mother of the bridegroom, Mrs. Custer, chose a corsage of American Beauty roses and stephanotis.

Following the ceremony a dinner was held at Lakeside inn for the bridal party, after which the couple left on a honeymoon trip through the New England states. On their return they will reside at the home of the bride.

Mr. Diffenderfer is employed by the New England Auto Products corporation.

Thunderstorm Ends Christ Episcopal Picnic

Saturday night's thunderstorm put an abrupt end to the picnic of Christ Episcopal church at Montgomery County park. The group of almost 200 had just finished supper and was about to participate in an evening of sports when the cloudburst sent the picnickers scurrying for shelter.

The afternoon program of swimming, cards and ball games went on as scheduled, unmarred by threatening clouds

Earl R. Strange and William O Cunningham were general chairmen of the affair, assisted by Mrs Charles Gochnauer, Alfred Hartman and Alfred Yerger.

PINE FORGE

Mrs. Ruth Swavely, corr. Miles Smith, delivery. Phone Pottstown 2928-W.

A party was held recently in honor of Cheryl Ann Jackson, daughter of Mr. and Mrs. Pratt Jackson, who celebrated her third birthday. She received many fine presents. Lunch was served at a table centered by a large birthday cake. The color scheme of the decorations was pink and blue. The children who attended were given favors. Guests included Malcolm Earl Jackson, Barbara Yorgey, Philip and Barbara Ann Xanthopoulas, Allan Weiss, Melvin and Randall Swavely, Betty Jankosky, Tommy Weidner, Michael and Marion Mohn and Linda Kirlin

Also Mrs Harold Weidner, Mrs. Noryal Yorgey, Jankosky, Mrs. B Xanthopoulos, Mrs. Henry Weiss, Mrs. John Swavely and Mr. and Mrs. Earl Dengler.

Spectators at Wednesday's ball game in Philadelphia were Mrs Melvin Rhoads, Merrill Harner, Leonard Weidenbaugh, Douglas Rhoads, Norman Stromstrum and Donald Boughter.

Mrs. Horace Evans, Mrs. Frank Gross and daughters, Gay and Susan, Mrs Harry Overholtzer and children, Harry and Jayne, and Mrs Horace Evans Jr. visited Mr. and Mrs John Levengood.

Mrs. Margaret Mauger spent several days in Philadelphia visiting Mr. and Mrs. Edgar Hart.

Circus Usher Bitten By Tiger in Chicago

CHICAGO, Aug. 10 (AP) — A 43-year-old circus usher, Raymond G. Watson, Marion, O., was bitten severely today by a bengal tiger billed as "man-eating."

Physicians said Watson's right hand or forearm might have to be amputated

Watson said he had reached into a cage to pet a three and one half months old tiger cub at the Ringling Brothers and Barnum - Bailey circus exhibiting here when the cub's male parent, named Soungel, seized Watson's hand and then his arm.

The nine-year-old tiger, weighing 500 pounds, was forced to loosen its grip when another circus employe, Francis Hogan, 41, of New Kensington, Pa., used a crowbar to pry open its mouth.

Man Lying on Tracks Killed by Fast Trolley

UPPER DARBY, Aug 10 (AP) — Robert Myers, 48, was struck and fatally injured today by a high-speed trolley, Detective Chester Souders reported.

Souders quoted the motorman, Paul J. Lux, of Drexel Hill, as saying the man was lying on the track when his car approached while he jammed on the brakes, Lux told the detective, Myers raised his head and tried to get up.

U. S. Releases German Prisoners of War; 900,000 Captives Still Held by Russians

BERLIN, Aug. 10 (AP)—Gen. Lucius D. Clay reported today that the United States has released all German prisoners of war and completed destruction of top priority German military defense works in the U. S. zone.

The American military governor, in a review of demilitarization, said that from May 10, 1945, to June 30, 1947, the United States discharged 8,010,007 prisoners of war. The figure includes hundreds of thousands of Volkssturm and other auxiliary troops captured as American armies advanced across Germany. Many were released within a few hours.

Several hundred thousand prisoners turned over to France and a lesser number to Britain are considered French and British prisoners subject to release by those nations.

The Americans are the first of the four occupying powers to release all their German war prisoners. The Russians have announced they still hold 900,000. The British have 267,000 in the United Kingdom and 77,000 in the Middle East. Latest available figures also give the French several hundred thousand.

Steps taken toward disarmament of Germany are progressing actively, Clay said. Captured German war materials are being destroyed or converted for use in the peacetime economy. Explosives are being transformed into fertilizer for farms.

The German war potential is being reduced by destruction of war plants or removal of their equipment. Work has been completed on 36 of the 128 war plants listed for demilitarization. The progress report included:

Disposal of German war material is anywhere from 43 percent complete for chemical warfare ammunition to 100 percent for naval armaments and armored equipment.

Priority one installations are 100 percent destroyed. These include 94.3 square kilometers of minefields, more than 1300 defensive construction and U-boat pens.

Priority two installations are 60 percent destroyed. These include V-weapon sites, fighter control and radar installations, permanent fortified land obstacles, permanent coastal defense, airfields, underground factories and depots and military research centers. These must be eliminated by January, 1949.

Military installations other other than fortifications and defense works are 91 percent disposed.

While the opportunity for Germany's military resurgence was being prevented through destruction of her war capacity, the report said that because revival of peacetime industry had made such limited progress "prospects for the months immediately ahead do not warrant great optimism."

"The industrial capacity for sustained expansion is available, but until considerable progress is made toward the solution of the food, coal, and transport problems, no vigorous resumption of the industrial upswing can be anticipated," the report said.

Repair of locomotives and railroad rolling stock was lagging seriously because of lack of spare parts. The labor shortage in the industrial areas of the U. S. zone was described as "more critical than at any time since the end of the war."

Privately owned timber comprises about 90 percent of the commercial forests of the United States.

FAGLEYSVILLE

Mrs. Dorothy Geisler, corr. Phone Pottstown 703-J-4. J. Ernest Berghof, delivery.

Mr. and Mrs. Ralph Geisler, Herbert B. Wagner and Raymond Yoder and son, Ralph, drove to Butler, N. J., to visit Raymond Wagner.

Mr. and Mrs. Arthur Landis visited Mr. and Mrs. Kenneth Lloyd, Drexel Hill.

The Great Swamp picnic will be held at the Swamp picnic grove in the afternoon and evening of Saturday, Aug. 23.

FORMER SHERIFF DIES

GREENSBURG, Aug. 10 (AP)—J. Clair Irvin, 50, of Indiana, former sheriff of Indiana county, died today in Westmoreland county hospital of a fractured skull received in a fall from a scaffold the past week.

Some varieties of fuschia, grown in New Zealand, achieve the size of a small tree.

$20,000 Damages Asked In Accident Action

By Staff Correspondent

NORRISTOWN, Aug. 10—An automobile accident on South Hanover street, Pottstown, Dec. 26, 1946, was the bases for a civil suit filed in the prothonotary's office by John K. Lewis, North Coventry township, against Harry E. Gonder, Hilldale village, Pottstown.

The plaintiff, who seeks to recover $20,000, charges that he was seriously injured and his car was wrecked when the defendant's vehicle ran into him

HARMONYVILLE

Miss Jean Garner, Star Route, Pottstown, corr. Phone Pughtown 2710 Charles Orrs, delivery.

Mrs. Daniel Hopkins, Mr. and Mrs. Reimer, Baltimore, Md., and Mrs. Harvey Keim were recent guests of Mr. and Mrs. William Townsend.

Mrs. Ada Edwards, from England, and Mr. and Mrs. Emert Curlee, Philadelphia, visited John Noble.

Guests at the home of Mr. and Mrs. Harry McCalicher were: Mrs. Belle Neidig and Mr. and Mrs. Mammoth Swartz, of Quakertown; Mr. and Mrs. Jacob Christman, Stowe; Mr. and Mrs. Robert Christman, Pottstown, and Mrs. William Shinn, Camden, N. J.

Dorothy Lewis, Coatesville, is visiting her grandparents, Mr. and Mrs. George Green.

Mr. and Mrs. Levi Sherbon, Hanover Heights, were guests at the home of Mr. and Mrs. John Garner.

Mrs. Karl Kolle, of Rising Sun, Md., visited Leonard Keim.

Carrots, sweet potatoes, broccoli, spinach, and other leafy greens all have liberal amounts of vitamin A, necessary for normal growth and resistance to respiratory infections.

"WHAT A GAL I MARRIED!"
"WAIT, MOM HOW ABOUT SECONDS?"
AUNT JENNY'S
LUSCIOUS PEACH PIE
Such tender, flaky piecrust crowns the fragrant peaches
SEE EASY RECIPE BELOW

"There's sunshine under the golden crust of this better tasting Peach Pie!"

says Aunt Jenny

New! Easy! Wonderful! Spry's "Can't-Fail" Pastry Method

"FOLKS, your day of pie triumph is here! This deep-dish peach pie brings you Spry's easy way to make flaky, tender pastry a sure thing. Try it—hear your admiring family sing your praises.

"And make pure, creamy, all-vegetable Spry your good luck charm for grand success with ALL your baking and frying."

Deep Dish Peach Pie

10 to 12 ripe peaches, pared and sliced*
1 tablespoon lemon juice
¼ teaspoon almond extract
⅔ cup granulated sugar
⅓ cup brown sugar
⅛ teaspoon salt
1 tablespoon flour

*Or use 4 cups canned peaches, sliced and drained; ¾ cup juice. Omit all sugar. Double amounts of lemon juice, flour, salt given above.

Combine ingredients, mix thoroughly. Arrange in baking dish. Dot with 1 tablespoon butter.

Spry's "Can't-Fail" Pastry

Mix 1¼ cups sifted ALL-PURPOSE FLOUR and ½ teaspoon SALT. Measure out ½ cup SPRY.

Step 1 for Tenderness—cut in about ⅔ of the Spry with pastry blender or two knives until particles are as fine as meal. Notice how easily creamy Spry cuts in!

Step 2 for Flakiness—cut in remaining Spry until particles are size of large peas. Sprinkle 2½ tablespoons cold WATER over different parts of mixture. Mix thoroughly, with fork, until all particles cling together and form a ball of dough.

So easy to roll out! Roll dough ¼ inch thick and of a size to cover baking dish, allowing extra inch all around. Mark into wedges by pricking with toothpick. Cut slits to let steam escape. Place over peaches, turn edge under, press on rim all around dish. Bake in hot oven (425°F.) 35-45 minutes.

ANOTHER FINE PRODUCT OF LEVER BROTHERS CO.

AUNT JENNY SAYS: "BELIEVE ME, YOU'LL BE A BETTER COOK WITH SPRY"

THRILLING—HOW FRESH A SWAN BATH MAKES ME FEEL!

SMALL WONDER, LADY! NO OTHER SOAP HAS SWAN'S "SUPER-CREAMED BLEND" TO HELP KEEP YOU LOVELY ALL OVER!

THRILLING— THAT SUPER-FRESH NEW YOU!

• There's a wonderful experience waiting for you—the first time you step into a Swan bath.

In a world of luxurious, cloud-soft lather, you suddenly discover a new kind of refreshment. The magic of Swan's "super-creamed blend" that no other soap has.

THRILLING— THAT LUSCIOUS SATIN FEELING!

• Thanks to its special blend, pure floating Swan—mild as fine castiles—whisks away dirt, then rinses away *so completely*.

You feel the day's dreariness lift. And none of that taut, oversoaped feeling. Swan leaves your skin smooth and fresh as a dewy rose.

THRILLING— THAT NEW BATHROOM GLEAM!

• Yes, you'll love the new bathroom daintiness you get with Swan, too. It cuts down messy bathtub ring and soap-dish "goo." No need to be forever scrubbing!

So discover the soothing, smoothing refreshment of a Swan bath. See if it doesn't make you feel brand-new!

SWAN'S "super-creamed blend" MEANS A SUPER-LOVELY YOU!

Starlings Leave; Residents Hopeful It's for a Year

Residents of East Philadelphia avenue hope that the starlings, who have developed the art of long-distance visiting to a degree never even visualized by in-laws, were fooled by the past Tuesday night's "cool" spell and have left permanently.

There's some basis for the hope, too, although veteran observers insist that "the buzzards" (that's ornithological license since they're really starlings) will be back," while equally observant observers—noting the birds' disappearance the past week—state that the starlings rendezvoued at an unmentional hour Wednesday morning and were off until next July.

In the meantime, most of the problems of the citizens in the area are disappearing, gone with the birds, apparently. People now walk from their houses bright-eyed in the morning, their slumber unmarred by the starlings, who rise about 3:30 a. m. Brooms have been given at least a temporary respite, along with dishpans, clapping boards and Roman candles, all of which have been employed in the battle of the birds.

One young woman, who wishes to remain anonymous, stated that her case of "bird-fever," which she describes as akin to hayfever but caused by the starlings, has disappeared entirely and that she now sleeps uninterruptedly through the long night without the vicious sneezing spell which regularly woke her at almost any hour of the night. She also stated that her husband, who had threatened to move to a local hotel, is happily domestic again.

But for one person, at least, the birds' migration has been a source of annoyance. A practical jokester tossed evaporated milk can into the birds' abode the past Sunday night, causing what sounded like a combined convention of the four largest men's and women's organizations in the country. He's still racking his brains for a good practical joke to play on an entire town block. But then again, he might get his chance.

For the birds might come back. Who knows?

Greshville Woman Marks 73d Birthday

A surprise birthday party was held in honor of the 73d birthday of Mrs. Louisa Nagel at her home in Greshville recently. Lunch and refreshments were served and the guest of honor received numerous gifts.

Present were her husband, William D. Nagel; her sister, Annie Delcamp; Mr. and Mrs. Floyd Stahler and daughter, Aletha Jane; Mr. and Mrs. Oscar Hine and children, Ellen, Jerry, Charles, Louisa, Alma, and Wilson; Mr. and Mrs. Elwood Eddinger and children, Shirley, Patsy and Larry.

Keystone Unit Wins Prize at Womelsdorf

The ladies auxiliary of Keystone Fire company of Boyertown was voted the best-appearing auxiliary in line of march at the housing parade in Womelsdorf Saturday and received a first prize of $100.

First prize of $250 and second of $200 were divided between Ringgold band, Reading, and Allentown band, which were voted ties for first place. The Ringgold band headed the marching unit of the Friendship Hook and Ladder company, Boyertown.

Judges for the musical groups included Harold L. Dorwin, of Reading public schools, and formerly supervisor of instrumental music here. The parade, which required more than three hours to pass a given point, attracted an estimated 25,000 and was judged the largest ever held in Berks county outside of the city of Reading.

Bible Class to Hear Boyertown Athlete

Gerald T. Karver, Boyertown distance runner, will be guest speaker in the Young People's Bible class of St. John's Evangelical Lutheran church on Sunday at 9 a. m.

The young ladies' class of St. Paul's Lutheran church, Red Hill, will visit the young people's classes here on Sunday and Karver will address the visitors as well as both young men's and young women's groups of St. John's.

4119 GET RELIEF

Berks county public assistance cases number 4119 persons in 2500 cases, according to a report made public by Frank A Robins Jr., secretary of public assistance.

Lancaster Pastor Declares Religion Sets Ways of Man

One important reason for religion and the church today is the fact that they put first things first, said the Rev. Dr. Harold P. Hafer, preaching yesterday in Church of the Good Shepherd, Evangelical and Reformed, in the absence of the Rev. Harper L. Schneck, who is on vacation.

"Everybody is so busy calling everybody else Communist or Fascist that we forget what we ourselves are doing," said the Rev. Dr. Hafer, in emphasizing the fact that religion helps in fixing perspective.

After pointing out that the universe, as well as human bodies, is dying, according to scientists, he said that humans could react in three ways to this disconcerting fact. First, the Rev. Dr. Hafer said, people can become hedonists and "eat, drink, and be merry, for tomorrow we die." Second, the Lancaster pastor said that some folks react with a philosophy of pessimism, trying to escape pain, using as little energy as possible, and waiting for death to bring peace.

The Christian religion, the speaker proposed, is the logical solution to this dilemma, since through it, one can transform the physical into the spiritual, he said. "Though the outward man perish, the inward man is renewed daily," the guest minister said as he emphasized his topic, "Spiritual Renewal."

"There is no permanent satisfaction in things," he said in decrying the desire of people today for material possessions. "They pass away and there is nothing else," the pastor added.

Legion Delegates Home From Convention

Eight Boyertown delegates to the State American Legion convention in Pittsburgh have returned, impressed by the importance of the work accomplished and by the drum and bugle corps spectacle on Forbes field Friday night.

Delegates were Harry Mauger, Elam K. Beiler, Paul Fryer, Norman Gotwals, and Frank Del Grosso, post commander, while Lester Stauffer, Daniel Zuber and Walter R. Erb attended as alternates.

The local drum and bugle corps was unable to make the trip and participate in the competition because of difficulties the members are experiencing with their uniforms.

Tennis Title Match Postponed by Rain

Rain yesterday at 3:30 p. m. caused postponement until tomorrow at 6 p. m. of the final match in the men's doubles championship of Boyertown of the Ten Racqueteers tennis club.

The match will start Tuesday night with a 3-2 game score in the first set against the challengers, William H. Reifsnyder III and Ralph C. Body, since the defending champions, Gordon Hunsberger and Stanley Levengood led by that score when rain marred yesterday's play.

Although the shower was short, it soaked the courts and both teams agreed that the match should be postponed until more favorable court conditions could be secured.

GUEST TEACHER

Lloyd Fritz, of Colebrookdale, was guest Sunday school teacher in Trinity Evangelical Congregational church, South Washington street, yesterday morning. He addressed the entire Sunday school.

Beach Scene

Little Gale Semmelroth, sporting the latest in beachwear for a tot her age, seems to resent the photographer's presence as she makes her sand pies on the beach at Wildwood, N. J.

PERSONALS

Mary Jane Carver, daughter of Mr. and Mrs. C. Lloyd Carver, is attending the second senior camp at Camp Mensch Mill. The camp is now in session and will continue until Saturday.

• • •

The Rev. Harper L. Schneck, pastor of Church of the Good Shepherd, Evangelical and Reformed, conducted the service yesterday in his home church, Union church, Neffs, in the absence of the regular pastor, the Rev. Robert J. Urffer.

• • •

The Rev. and Mrs. George W. Fritch, and children, David, 7; James, 4; and Mark, 2, were visitors to Boyertown recently. Mrs. Fritch and the children spent the past week at the home of her mother, Mrs. Anna Adams, 515 East Philadelphia avenue, while the Rev. Mr. Fritch returned to Scranton where he is pastor of St. Peter's Lutheran church. Previous to that, the Rev. and Mrs. Fritch and children had spent two weeks on vacation at Powder Valley near Hosensack. The family returned to Scranton from Boyertown the past Friday.

• • •

Ronald Matlack, son of Mrs. Lulu Matlack, 101 South Walnut street, is spending the Summer working in a lunchroom in Atlantic City, operated by Thomas Butler, formerly of Boyertown.

Robert I. Miller Picked To Study Navy Course

Among five Berks county young men picked for NROTC training by the state selection committee is Robert I. Miller, 27 South Jefferson street, Boyertown, the Navy officially announced on Saturday. Miller, a son of Mr. and Mrs. William F. Miller, will matriculate at Pennsylvania State college.

The selections are the result of a nation-wide competitive program which started the past Fall and drew more than 50,000 applicants.

Recreational Director Remains at Haverford

Jacob Longacre, who has been serving as a recreational director at Haverford center, Haverford, has accepted an offer of the community center there to remain as a director for three additional weeks until Sep. 1.

The program has been under the supervision of Haverford township schools but their operation ended the past week. At that time the community center decided to continue operation until the school term opens in September. Longacre is a student at Haverford college.

COURT ORDERS ISSUED

Among more than 50 non-support orders handed down by Judges Forest R. Shanaman and Warren K. Hess in Berks county court Saturday were the following: Wayne Himmelreich, Boyertown RD 2, $15 a week for wife and $2 a week on arrears, and Leroy M. Steltz, Gilbertsville RD 1, $12 a week for three children.

GIRL IS BAPTIZED

Linda Delores Haring, daughter of Morris B. and Florence H. (Snyder) Haring, of Shanesville, was baptized yesterday noon by the Rev. David F. Longacre, pastor of St. John's Evangelical Lutheran church, at the parsonage at 115 North Reading avenue.

Legionnaires Leave Convention Scene

PITTSBURGH, Aug. 10 (AP)—The steel city returned to normal today in the wake of the annual convention of Pennsylvania's American Legion, climaxed by a colorful parade which attracted a crowd police estimated at more than 100,000.

The parade yesterday afternoon, held in 90-degree weather, followed by a few hours the election of William Windsor, Harrisburg, as state commander.

Windsor, who succeeds Clyde E Rankin of Philadelphia, defeated Lawrence Trainor, Duquesne, and John A. Stoup, Waynesburg. Immediately after his election he went on record endorsing the Legion's stand for "immediate completion of proposed veterans hospitals."

BOMBSHELL —

(Continued from Page One)

was approximately 260 miles an hour.

During the 63 hours and 15 minutes of flying time, he averaged 310.50 miles per hour.

Odom took off on his flight from Chicago's Douglas airport at 1:53 p. m. Thursday. His first stop was Gander, Newfoundland. From there, he flew to Paris, Cairo, Karachi, Calcutta, Tokyo, Anchorage, Fargo, and back to Chicago.

Questioned while he ate a dish of ice cream and a sandwich in the Chicago Municipal airport headquarters, Odom said most of the flight was "routine."

"The worst part was flying the hump in Burma," he said. "I flew into a monsoon there and the plane bumped so badly my chair rolled back off its track and cut a cable, knocking out the automatic pilot.

"The weather was awful. The visibility was bad. And I had a thoroughly bad time until I was near Shanghai where I caught a fine tailwind and decided to fly to Tokyo."

Shanghai had been one of his scheduled stops.

Odom estimated he had slept in the air about two and one-quarter hours during the flight, including the hour and 40 minutes over Canada.

"I had a good nap between Karachi and Calcutta," he said. "I just set the automatic pilot and let it fly the ship."

Odom said he felt that it was better to forego sleeping periods on the ground, because "you can't relax enough to get good sleep while you're under tension."

The crowd at the airport when Odom landed was estimated at 22,000. Among those who greeted the flier were his parents, Mr. and Mrs. Dennis Odom of Raymore, Mo.; Reynolds, backer of the flight who estimated it cost him $50,000, and Mayor Martin H. Kennelly of Chicago.

CHICAGO, Aug. 10 (AP)—Fourteen years ago, a lanky Kansas City youth who was visiting Tulsa, Okla., was introduced to Wiley Post, who before then had flown around the world in the record time of 186 hours and 49 minutes.

The boy was 13-year-old Bill Odom.

Bill asked for the famous flyer's autograph and was given an inscription, written on a piece of the fabric from the Winnie Mae in which Post had made the flight.

Thanking Post, young Odom said impulsively:

"I'm going to fly around the world, too, some day."

Recalling the meeting, Odom smiled today after having shattered Post's record by more than 113 hours.

"Wiley Post chuckled at my boast," Odom said. "I guess neither of us took it seriously at the time."

Early today, when Odom stopped in Anchorage, Alaska, during his record-breaking flight, he left the bit of Winnie Mae's fabric, affixed to a wreath, as a tribute to Post, killed in a plane crash at Pt. Barrow, Alaska, in 1935.

TRAIN WRECK —

(Continued from Page One)

not derailed and tracks were cleared quickly.

Many passengers weer asleep.

Mrs. Hulene Johnson, Longview, Tex., and Mrs. Hattie Stone, Dallas, sisters, were in rear berths on the St. Louis train. Both said there was a "deafening noise and heavy impact" which threw them against the ends of their berths.

Mrs. Johnson, whose husband was killed in an automobile wreck about six months ago, said bedlam broke out.

"People started screaming. I looked out and saw people sprawled in the aisle along with baggage. Water was coming down."

Mrs. Stone said she stepped out into warm water, apparently from the locomotive, the front of which was only a few feet away.

One of the coaches of the Memphis train caught fire from an acetylene torch being used on the wreckage and Jacksonville's volunteer fire department was called to quench the blaze.

Three trainmen on the Memphis bound train were among the injured who required hospitalization.

Death Toll Reaches 18 In British Train Wreck

DONCASTER, England, Aug. 10 (AP)—The death toll in yesterday's railroad wreck near here rose to 18 today when one of the 70 injured passengers died in a hospital.

The wreck occurred when one London-to-Leeds holiday express train crashed into the rear of another

The gardenia is a native of China but is named after Dr. Alexander Garden, a physician of Charleston, S. C.

FIRESTONE PICNIC —

(Continued from Page One)

nics would be conducted each Summer.

Winning the picnic's grand prize of an electric refrigerator was Karl Creasy, Pottstown RD 1, who also took a prize in a tie with Harry C. Maurer, Phoenixville RD 1, for having the largest families present. Each of the two was accompanied to the affair with his wife and seven children.

Mr. and Mrs. E. Coney won both jitterbug and waltz contests and were awarded cash prizes, while Charles R Werstler Jr., won a set of tires, and Earl A. Miller took home a portable radio.

Committeemen for the event were Personnel Director Clarence E. Herman, chairman; W. F. Abbey, publicity; Wiliam A. Swartwood and Richard F. King, events and prizes; George Hooven and Paul Nowak, transportation; V. R. Riley, C. G King and L. B. Duckworth, hospitality; Frances Shaffer, committee secretary, and also M. Lumeyer, P. H. Stephens, Thomas Storm and Jane Steinrock.

Communal Riots Claim Lives of 700, Many Hurt

LAHORE, India, Aug. 10 (AP)—A correspondent for the Hindustan Times said tonight after a tour of the Amritsar district that 700 Hindu, Sikh, and Moslem adults and children had been killed during the past eight days of communal rioting there.

The correspondent said he found 30 villages destroyed by bands of rioters. In the village of Jalalabad, he said, the entire Hindu population of 107 was killed by attackers four days ago, and 76 Moslems were slain in a nearby village.

The general hospital in Amritsar received 488 wounded persons.

WASSILUK —

(Continued from Page One)

the rear of the Masonic temple, King and Franklin streets, on Aug. 3.

He admitted guilt also to the theft of a vehicle owned by Nick Dinnini, 252 High street, which he took Sunday night, July 27.

In one of his statements, referring to his most recent escapade, Wassiluk said he left his home in Stowe about 7 o'clock Friday night. He visited various taprooms and bars in Stowe and Pottstown, then after midnight went to the Cates and Becker garage where he pried out a window glass, entered, and finally managed to start one of the automobiles.

Wassiluk, according to police, has had misfortune with his stolen cars. He drove the Dinnini car on Route 100 to a point near Kirkwood park, where it stalled and could not be started again. He hitchhiked his way back to Stowe.

In the Crist car, he had been driving toward West Chester, and had headed back toward Pottstown when he was halted with a flat tire. He changed the tire, started out again, and the motor became overheated. He left the vehicle stand and got a lift to Pottstown.

Wassiluk's theft of an automobile last December initiated his trouble with police. Arrested at that time, he was sent before Judge William F. Dannehower, whose leniency placed Wassiluk on a year's probation.

TEN SAVED AS BOAT BURNS

GLOUCESTER, Mass., Aug. 10 (AP)—The 105-foot Gloucester fishing vessel Jofire caught fire 16 miles at sea late last night and sank in mid-morning after her crew of ten escaped in two boats and came ashore safely.

Barranquila is the largest Caribbean seaport of Colombia.

BUSINESS and INDUSTRY

Schmidt's Is Choice In Beer for Best Social Gatherings

For those mellow moments when you are entertaining in your home with a select group of friends—really enjoying life—then you want a smooth and mellow beer that will help cheer the souls as well as the body.

It takes a beer that is brewed right to give that last full measure of contentment for those fine moments when we are having a little social get together.

Beer is naturally only as good as it is brewed. The care it receives, the ingredients that go into it, the aging process and the manner in which it is handled all counts for a better brew.

A brewer's most precious possession is naturally, too, the good taste of the beer he brews.

Schmidt's beer, distributed in Pottstown and vicinity by Frank A. Smith, 548 King street, phone 2205, along with Schmidt's ale has found favor here just as it is the "big seller" all throughout the East.

Because here is a beer with the finest flavor, that added delicious taste, a beer that has "zip" to it plus mellowness.

You, too, will find it delicious to take on that Summer picnic or vacation or for use in the home at all times when you entertain.

Phone 2205 and you'll get prompt delivery service.

PAINT PLANT DESTROYED

PHILADELPHIA, Aug. 10 (AP) — The paint and chemical manufacturing plant of the Benjamin Foster company, was swept by fire last night after lightning struck the two-story building.

'Face-Lifting' by Skilled Auto Repairman Can Make Your Old Car Look Like New

Your automobile, Mr. Motorist, has one thing in common with your wife or daughter if it wants to keep up-to-date — that is, it needs a "face-lifting" now and then.

Attention, in other words, from a skilled auto body and fender shop man who has the proper equipment plus experience to make it look as much like new again as possible.

Most cars on the streets and highways are naturally much older due to postwar production shortages on new cars. That means the majority of people must still wait another year or so before they can get the new car of their dreams.

So that means extra attention right now to the old "buggy" unless you don't care how run-down it looks.

Most car owners take pride in the appearance of their auto, and you can't blame them. Today a modern auto body shop can give that "new" touch to a car no matter how old and discrepit it is.

Brile Bros. Body Shop, Farmington avenue, Route 100, phone 2897, offers this skilled fender-body repairing and auto refinishing service that will mean so much to your car.

Purina Weed, Insect Killers Rated Highly

Purina chows and farm supplies are almost important products the year around but right now there are three that are especially worthy of mention.

Purina weed killer kills all common broad leaf weeds in lawns, pastures, fence rows or corn rows.

Purina DDT spray for farm buildings and stock cattle kills flies for weeks. Two or three sprayings with Purina DDT control flies in farm buildings all season.

Purina DDT for the home is excellent. Its killing effect on flies, mosquitoes, roaches, ant, etc. lasts for days. It contains 5 percent DDT.

L. R. Levengood Estate, Third and Hanover, phone 513, is headquarters for Purina chows and farm supplies.

Drop in for these dependable products now.

Business Notes

Both ethyl and straight gas is sold at the Merit service station, South and Hanover streets. Try the fine oil sold here, too.

Boiler and radiator installations are made by the General Heating and Plumbing Supply company, 29 High street. Just phone 1154-J.

A Nyers water system on your farm or for suburban use will solve your water problem for the future. They are sold and installed by Carl N. Dunmire, Benjamin Franklin highway at Sanatoga.

FLOUR OUTPUT DROPS

WASHINGTON, Aug. 10 (AP) — Flour mills reported the production of 24,200,000 sacks of wheat flour in June, a drop of 200,000 from May, the Commerce department said tonight.

New Pastor Named In 'Ford Church

A new pastor has been appointed for Royersford Methodist church. This became known yesterday, when it was reported that Bishop Fred Pierce Corson, of Philadelphia Methodist conference, has named the Rev. Courtland R. Pusey to become pastor here as of Sept. 1.

The church has been without a pastor since the death of the Rev. Samuel P. Dout, who died May 24, soon after he was reappointed pastor of the local church for the second year. Mrs. Dout, the late pastor's widow, will move to Boyertown tomorrow.

The Rev. Pusey, who has been pastor of the Bird-In-Hand Methodist church since he entered the Methodist conference in 1943, had been student supply minister at Hummelstown in 1936, and Gladwyne in 1940.

He was assigned to the Bird-In-Hand charge as his first appointment after he entered the conference in 1943. He is married and the father of an infant son, aged one and one-half years.

His appointment to the Royersford church became known when District Superintendent Dr. John D. Herr advised members of the pastoral relations committee of the local church that Bishop Corson had appointed him pastor here.

Announcements for this week: Tonight, 7:30 o'clock, Boy Scouts meeting, tomorrow night, 8 o'clock, Sunday school board meeting, Wednesday night, 8 o'clock, mid-week prayer meeting.

HOSPITAL NOTES

Mrs. Morris Weber, Spring City, and Donald Lawrence, Royersford, have been discharged from Phoenixville hospital.

GETS 30-DAY JAIL TERM

Harvey Engle, Royersford, who was placed under arrest Friday night on a drunkenness and disorderly conduct charge, was sentenced to 30 days in Montgomery county prison, Norristown, at a justice of the peace hearing Saturday morning.

Protestants to Observe Religious Education Week

CHICAGO, Aug. 10 (AP)—Churches of 40 major Protestant denominations and of 634 interchurch councils in the United States and Canada will celebrate religious education week Sept. 28-Oct. 5, Dr. Roy G. Ross, general secretary of the international council of religious education said today.

Religious education week, using the theme, "Faith Is the Victory" will open in most churches Sept. 27 with rally or promotion day. During the period churches are urged to hold leaders' conferences, family night, interchurch meetings and youth rallies. World-wide Communion Sunday, Oct. 5 will climax the observance.

FORD OFFICIAL DIES

WINDSOR, Ont., Aug. 10 (AP) — Wallace Campbell, 65, chairman of the board of the Ford Motor company of Canada, died at his home today after an illness of more than a year.

Apples have been cultivated in Great Britain since the time of the Roman occupation.

PERSONALS

Mr. and Mrs. Ralph Michaels and son, Gene, 260 Gay street, Royersford, have returned from a motor tour of Canada, where they stayed over at Montreal and Quebec. Returning via Maine, they visited Mr. Michael's mother, Mrs. M. Hearn, at Belfast.

• • •

Mr. and Mrs. J. Edgar McCarragher, 216 Yost avenue, Spring City, left yesterday morning on a motor trip through the New England states.

Miss Doris Bartzer Weds L. C. Grebe

Miss Doris Louise Bartzer, daughter of Mr. and Mrs. Frank E. Bartzer, 123 Fourth avenue, Royersford, and Laverne C. Grebe, son of Mr. and Mrs. Harry Merkey, 605 Heckel avenue, Spring City, were united in marriage by the Rev. Franklin P. Watts, pastor of Royersford First Evangelical and Reformed church, at a double ring ceremony in the parsonage at 4 o'clock Saturday afternoon.

They were attended by Mr. and Mrs. Richard E. Bartzer, Patuxent River, Md., brother and sister-in-law of the bride.

The bride wore a beige dress with brown accessories and a corsage of yellow rose buds. Mrs. Richard Bartzer was attired in an aqua dress with brown accessories and wore a corsage of red rose buds.

A reception followed at the home of the bride for 30 guests. The couple planned a wedding trip in September and will live for the present with the bride's parents.

The new Mrs. Grebe graduated from Royersford High school with the class of 1947. Mr. Grebe served three years in the U. S. Army, including one and one-half years overseas. He is employed at Strunk Steel company, Royersford.

Turkish Newsmen Freed; Printed Political Speech

ISTANBUL, Aug. 10 (AP)—A criminal court at Izmir (Smyrna) acquitted eight Turkish newspapermen yesterday on charges they insulted the "moral personality" of the national assembly by printing a critical speech by the leader of the opposing democratic party.

The Istanbul Journalists' association complained to the ministry of justice because the newspapermen were handcuffed when taken to the court for trial.

"We see no reason why our colleagues who represent public opinion on a large scale should be treated as ordinary criminals," the association declared.

War Veterans Advised To Keep Terminal Bonds

WASHINGTON, Aug. 10 (AP) — Harold Lee, governor of the Federal home loan bank system, said today that savings and loan associations have been authorized to cash terminal leave bonds for ex-service men beginning Sept. 2. But he advised veterans to hang on to the bonds and let them draw interest.

The five-year bonds, issued in lieu of payment for furlough time accumulated in service, were made cashable by act of the last session of Congress. The Treasury arranged with banks and other financial institutions to cash them.

Hungarian Boy Scouts Take Part in Jamboree

MOISSON, France, Aug. 10 (AP) — Two hundred Hungarian boy scouts arrived unexpectedly last night at the world's Boy Scout jamboree just in time to take their places in the parade with which the international meeting was opened.

Their arrival came as a surprise because it had been assumed here that their trip had been barred by Russian occupation authorities in Hungary.

Condemns British

An eyewitness who was aboard the Exodus 1947, the Rev. John Stanley Grauel, former Methodist minister of Worcester, Mass., tells newsmen during a New York press conference of the "deliberate murder" of passengers and crew members aboard the vessel by the British. Grauel charged that the Exodus was deliberately rammed 14 times while off Haifa.

Title of Duke Predicted For Elizabeth's Fiance

LONDON, Aug. 10 (AP)—The Sunday Express said today that Lt. Philip Mountbatten will be created Duke of Edinburgh before his marriage to Princess Elizabeth Nov. 20 and that the princess will be known as the Duchess of Edinburgh.

No comment was available at Buckingham palace. Speculation on a British title for the former Prince Philip of Greece has been current since announcement of the couple's betrothal.

Foul Play Feared in Princess' Death; Army Seeks Gems Worth 2 Million

By RICHARD KASISCHKE

BERLIN, Aug. 10 (AP)—A U. S. Army investigator declared today it was possible that Princess Hermine, widow of Germany's last kaiser, met with foul play at the hands of underworld felons seeking a fortune in crown jewels.

This development in the hunt for missing jewels valued at from $500,000 to $2,000,000 was disclosed by Director O. R. (Ray) Carlucci of the Army's criminal investigation department. He said he would ask Russian authorities to aid in investigation of the bizarre case.

The princess died Thursday at Frankfurt-on-the-Oder in the Soviet zone. Her son, Prince Ferdinand, reported to authorities that 29 pieces of jewelry which had belonged to his mother were stolen from his trunk while he was living in the American sector of Berlin.

The prince told police this was part of a royal treasure of 95 pieces which was brought to him from his mother by a woman emissary who smuggled them out of the Soviet zone two months before the princess' death.

Carlucci said he was going to the Russians with a request for information on Princess Hermine's death, and added:

"We would like assurances that the princess died of natural causes, for there is the possibility that she met foul play at the hands of underworld characters who may have believed she had more gems."

Carlucci said he had got a statement from a friend and former physician of Hermine's who had been in recent correspondence with her.

"He told us that she was in apparent good health and not suffering from any heart disease as some sources have said," Carlucci declared.

Soviet-controlled reports of Hermine's death consisted of a single sentence and made no mention of the jewels.

Carlucci said his agents were pursuing clues that led us out of Germany's borders into the Russian occupation zone."

BRADFORD EDITOR QUITS

BRADFORD, Aug. 10 (AP) — The Bradford Publications, Inc., publisher of the Bradford Era, said today that Raymond D. Sill, editor, has resigned, effective Sept. 1, when he will become manager-secretary of the Bradford board of Commerce.

Traditionally Pennsylvania Dutch

The "Kentucky" rifle was mis-named! This history making gun, famous for accuracy and dependability, was actually made by the master gunsmiths of the Pennsylvania Dutch country.

Here's the popular "Junior"! A carton of 36 eight-ounce bottles makes the perfect package for home use. 12-ounce size available, too.

Inborn Excellence

There's nothing more traditionally Pennsylvania Dutch than the yearning to "do things right." You find this will to excel expressed in the high character of Old Reading Pale Reserve. Its unique mellow flavor reflects the inherited skill of master craftsmen who respect your critical taste . . . who make this beer a favorite of the most discriminating. The Old Reading Brewery, Inc., Reading, Pa.

YANKEES SCORE TWICE IN NINTH TO BEAT BOSOX

Stirnweiss Drives in Winning Runs With Hit; Dobson Loses Duel

BOSTON, Aug. 10 (AP) — With lanky Karl Drews pitching great ball for eight and two thirds innings, the American league's pace-setting New York Yankees today vanquished the second place Boston Red Sox 2-1 before a paid crowd of 31,329. The victory extended the Yanks' lead over the 1946 league champions to 12½ games.

Making his first start against the Bostonians, Drews struck out nine, five of them in the first three innings. The first ten of the Hose were retired in order and Drews continued to pitch in fine style, giving up but three hits until the ninth, when the only run was scored against him.

Meanwhile Joe Dobson, steadiest Boston pitcher of the season, hurled nearly as well as his opponent. Aided by sharp fielding on two occasions, Dobson, who whiffed eight of the Bombers, kept the Yanks from scoring until the final inning when with two out Snuffy Stirnweiss bounced a single past second base into center field to drive in two teammates.

Weather Got You Down?—Just Look at This!

In weather in which even a shirt seems superfluous clothing the New York Football Giants are put through their training paces by Coach Steve Owen (left). Throwing a block on Len Younce, veteran Giant guard, is Tex Coulter, who was an All-American tackle at West Point.

Softball, Baseball Leagues Will Start Playoffs Tonight

The YMCA Industrial Softball league will bring a new type of playoffs to Pottstown tonight when three playoff games will be played on three different fields tonight.

The playoffs are arranged so that the first place winner in the American league division will meet the first place winner of the National division. On another field, the two second place winners will meet and still on another field the two third place winners will play. The first round will be the best of a three game series.

When the second and third place winners are determined, they will play another best of a three game series to see which team will meet the winner of the first place teams for the league championship.

On Pisher field tonight, Maria Assunta, American division winners, will meet the National division's best, East End, at 6:15 o'clock.

On No 2 field at The Hill school, Spicer's Cafe will meet West Pottsgrove's Rod and Gun Club. West Pottsgrove had to beat Glasgow in a special playoff when the two teams ended the season in a tie for second place. This game will also start at 6:15 o'clock.

In the third game tonight, Pace's Snack Bar, the team that finished the season with a record of only six wins and 11 losses and still won a playoff berth, will battle Glasgow's Ramblers on the No. 3 field at The Hill school.

The Sunday School league's Shaughnessy playoffs get underway on Swinehart Field tonight when St. Jame's first place winners meet the third place St Peter's nine in the first of a three game series at 6 o'clock.

The team that cops two of the three games will move on to the finals where they will meet the winner of the Trinity Reformed-Emmanuel series which starts tomorrow night. Trinity was the second place winner while Emmanuel finished the season in fourth place.

St. James ended its regular schedule with a record of nine victories and three losses which was only a full game better than Trinity's and St. Peter's records.

St. Peter's closed the year with the same record as Trinity, eight wins and four losses. Trinity, however, won the toss of a coin and elected to take second place.

Emmanuel captured fourth place with six wins and five losses and held a comfortable three game lead over fifth place First Baptist and Transfiguration who won four while losing eight.

BROWNS SPLIT DOUBLEHEADER WITH INDIANS

Bob Feller Annexes 14th Win of Season; Heath Swats 21st Homer

CLEVELAND, Aug. 10 (AP)—Bob Feller limited the St. Louis Browns to five hits today to win his fifth shutout and 14th victory of the year, 6 to 0, but the Browns came back in the nightcap to salvage their only win of the five game series, 4 to 2

The second contest was featured by Jeff Heath's two run homer, and 21st of the season, as the Browns piled up three runs in the fourth inning. Sam Zoldak who allowed six hits until relieved in the ninth won his fifth game of the season and spoiled "Don Black Day," Don taking his eighth loss.

Feller walked four and struck out three in acquiring his 14th win against eight losses. The Tribe combed Jack Kramer for 10 hits and drove him from the box in the seventh. Joe Gordon's single with the bases loaded in the fourth accounted for two runs, Jim Hegan singled to drive in another in the sixth, and three more came in the seventh on Hank Edwards' double. Hal Peck's single and Manager Lou Boudreau's double.

SENATORS SPLIT WITH ATHLETICS IN TWIN-BILL

Rookie Joe Coleman Hurls Four-Hitter for Mackmen in Opener

PHILADELPHIA, Aug. 10 (AP) — The Philadelphia Athletics and the Washington Senators divided a doubleheader before 19,496 today with A's rookie Joe Coleman limiting the Nats to four hits in winning the first game 3 to 2 and Rae Scarborough scattering 12 Athletic hits—all singles—to take the second game 5 to 2.

Eddie Joost slammed his 10th home run of the season in the first inning of the first game and this, coupled with two runs produced from four singles in the fifth, handed Walter Masterson his ninth defeat of the season. Coleman, who fanned nine, yielded two runs in the ninth inning on doubles by Buddy Lewis and Stan Spence and a single by Mark Christman.

Chicago Sox Hand Detroit 10-2 Setback

DETROIT, Aug. 10 (AP)—Collecting 14 hits including rookie Dave Philley's three-run homer, the Chicago White Sox beat the Detroit Tigers 10 to 2 today for their seventh victory in eight games Ed Lopat, White Sox lefthander won with seven-hit pitching and Freddie Hutchinson was the loser.

Lopat faced only 33 batsmen and had easy going all the way after Chicago ganged up on Hutchinson for five runs in the four h inning on four hits, a walk and two errors by Eddie Lake.

The Tigers got a run in the second on Ed Mierkowicz's first major league homer and the other in the ninth when Eddie Mayo singled, Mierkowicz doubled and George Kell sent Mayo home with a fly ball. Kell, hitless in four times up, saw his average fall four points to .339.

The Sox counted all their runs in clusters. After picking up five-enough to win—in the fourth they put together four straight hits for two more runs in the sixth off Hutchinson and made three hits count for three runs in the eighth off rookie Art Houtteman.

Philley and Tart Wright each got three hits in five times at bat and everybody in the Chicago lineup except Ralph Hodgin hit safely at least once.

HOLMES' HOMER WINS NIGHTCAP FOR BOSTONIANS

Braves Win 7-5 Tilt After Losing in Opener to Giants, 6-2

NEW YORK, Aug. 10 (AP)—Tommy Holmes cracked a home run in the ninth inning with two aboard to give the Boston Braves a 7-5 second game victory and a split in their doubleheader with the New York Giants today The Giants won the opener 6-2 with Larry Jansen winning his 13th game of the season, his fourth in a row over the Braves.

Holmes' round-tripper climaxed a fourth run ninth inning, all runs coming after two were out. Ken Trinkle, who relieved starter Dandy Hansen in the eighth was charged with the defeat although Holmes hit his payoff wallop off Jansen, who took over with two on, two out and one run already in.

Pirates Go Down By 5-0 and 7-5; Flock Tops Phils

ST. LOUIS, Aug. 10 (AP)—The St. Louis Cardinals edged a half game closer to the league leading Brooklyn Dodgers by outslugging the Pittsburgh Pirates 7 to 5 in the second game of a doubleheader today after Murray Dickson held the Pirates to four hits for a 5 to 0 triumph in the opener. Dickson relieved Ken Burkhart in the nightcap when the starter got into trouble in the top of the eighth.

The Redbirds trail Brooklyn by three and half games after the Dodgers won their lone contest with the Philadelphia Phillies.

St. Louis opened up the second game scoring with two runs in the second frame, adding four more in a big third inning on the offerings of starter Ernie Bonham with two errors allowing two of the tallies.

The Pirates tried their first comeoack in the fourth on four straight hits but a double play helped Burkhart out of that inning after just two runs St Louis added a score in the seventh then Pittsburgh knocked Burkhart off the mound in the eighth with a three-run-four hit attack.

In the first game the birds scored their first run on Erv Dusak's double and Stan Musial's single in the third Four more runs developed in the fifth from Del Wilber's double, Red Schoendienst's single, infield hits by both Dusak and Musial are a fluke 'broken bat" hit by Whitey Kurowski.

Jim Russell's first inning double was the hardest blow the Pirates could muster against Dickson who struck out six men in the opener and one more in the last frame of the second game.

Cardinalettes Drop Two of Three Weekend Contests

3000 Fans Watch Exhibition Tilts; Cardinals Beaten

Lady Luck, who has been with the Pottstown Cardinalettes most of the current season, deserted the local girls over the weekend as some 3000 fans watched Manager "Whitey" Hatfield's lassies drop two of three games.

Saturday afternoon, 200 fans watched the Cardinalettes drop a 2-0 decision to Our Lady of Peace girls of Milmont at Milmont. It was the first time this year that the Pottstown lassies have been shutout.

Yesterday afternoon on Fisher Field, the Cardinalettes treated 1000 fans to a 9-0 victory over Atlantic City, but last night, 1600 persons watched the locals go down under the Perth Amboys Cardinalettes of New Jersey by a 1-0 count.

The Cardinalettes, however, can blame only bad fielding for their two losses which now make their record for the year stand at 24 victories, three defeats and one tie.

At Milmont Saturday afternoon, Betty Mengle started to pitch and went behind by a 1-0 score when Betty Daily's overthrow to first base scored a runner from second base in the third inning. In the bottom of the sixth inning, with Tena Stewart on the mound, Betty Dyabelko singled into left center and scampered all the way home when Mengle fell fielding Mary Frank's one-bagger in right field.

Stewart and Mengle held the Milmont lassies to four hits all the way while their teammates were touching Betty Bissinger for six safeties, two each by Marie Rogosky and Bessie Brile.

The Cardinalettes snapped out of bad fielding habits yesterday afternoon long enough to hand Atlantic City its second defeat.

The locals played errorless ball from start to finish and bunched seven base hits around a little wildness on the part of the Atlantic City pitcher for a 9-0 win. The Pottstown nine took an 11-1 decision at Atlantic City a few weeks ago.

Two runs came across in the first inning when "Stony" Stoudt doubled with the bases full, and two more runs checked in in the fram to put the locals out in front, 4-0.

It stayed that way until the bottom half of the sixth inning when the Cardinalettes touched Patty Paterson for five more runs to clinch their 24th victory of the year.

Before a tremendous crowd of 1800 fans, the Cardinalettes dropped a 1-0 heartbreaker to the Perth Amboy Cardinalettes last night when an error caused the only run of the game to score.

For three innings, the two teams fought back and forth without denting the plate. In the top of the fourth, Jane Bodnar was awarded first base when she was hit by one of Tena Stewart's low pitches. She moved to second on an infield out and went on to third on a wild pitch.

Lois Adams then dropped Stumpf's pop up behind second base allowing Bodnar to cross the plate with the only run of the game.

The fans moaned and groaned when the breaks went against the local girls. Twice the hit and run play backfired and turned into doubleplays and a fluke catch in centerfield with the fielder trapping the ball against her body with her arm for the last out of the game prevented the tying run to score.

The Pottstown Cardinals dropped a 2-0 decision to the Electric Hose and Rubber company of Wilmington, Del., yesterday afternoon in an exhibition game at Wilmington. Errors also aided the Cardinals lose to the Delaware State champs.

The Cardinals, who have already clinched fourth place in the Bi-State Softball league, will travel to Coatesville tonight to meet Coatesville in a night game scheduled to get underway at 8 o'clock.

All Pottstown players are asked to report to Fisher Field no later than 5:30 o'clock.

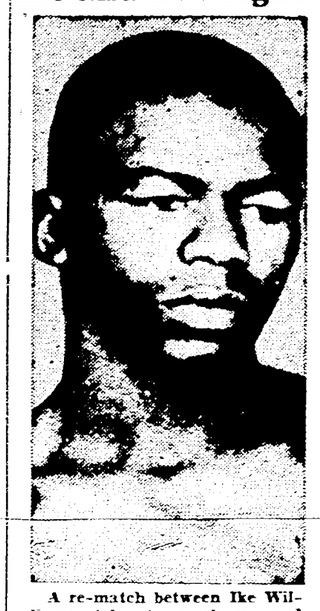
BOB FLOCK TRIUMPHS

LANGHORNE, Aug. 10 (AP)—Bob Flock, of Atlanta, Ga., won the 200-mile National Stock Car race at the one mile Langhorne speedway today in 2 hours, 54 minutes, 10.48 seconds.

Ike and Bob Again



A re-match between Ike Williams (above), newly-crowned lightweight champion, and Bob Montgomery is slated for Madison Square Garden, New York City, probably for Dec. 5. Williams won title by kayoing Montgomery in sixth round of their Philadelphia bout.

McCullough Gives Chicago 4-3 Victory Over Redlegs

CHICAGO, Aug. 10 (AP)—Clyde McCullough's eighth-inning single with the bases loaded gave the Chicago Cubs a 4 to 3 decision over the Cincinnati Reds today and the series, three games to one.

McCullough's two-run blow broke up a tight pitching test between the Cubs' Doyle Lade and Cincinnati's John Vander Meer. The Cubs collected only seven hits off the Red southpaw, but six were involved in their run-making.

With Cincinnati leading, 3-2, the Cubs loaded the bases in the eighth on a walk to Eddie Waitkus, a single by Andy Pafko and an error by Eddie Miller. McCullough, who had earlier allowed the Reds' lead run with a throwing error, then singled sharply to left to score Waitkus and Pafko.

The Reds touched Lade for 12 hits. They pooled hits by Babe Young, Augie Galan and Kermit Wahl for a run in the fourth, and added another in the sixth on singles by Galan, Ray Mueller and Ed Lukon. They took a brief 3-2 lead in the seventh on Frank Baumholtz' double, and McCullough's error and an infield out.

Giants Lose by 4-2 To Fleetwood Foe

The Bechtelsville Giants dropped back into third place in the Berks County Recreation league yesterday following their 4-2 defeat at the hands of Fleetwood. The Giants are tied with Hamburg and are a half game out of the runnerup position.

Some 1000 fans were on hand to watch Lefty Leon Trout stop the Giants with only four hits while his teammates were collecting a total of seven off Ralph Miller.

Saturday afternoon saw the Giants rally for four runs in the 10th inning to defeat Shoemakersville by a 6-2 count. Lin Herb went the distance for Bechtelsville and scattered 13 hits over the nine inning route.

Two Playoff Berths Wide Open as CIL Starts Last Week

The City Industrial league moves into its last week before the playoffs with three teams still having hopes of overtaking Flagg's for a berth in the championship playoffs.

Flagg's, resting in fourth place with a record of five victories and seven losses, has to play two games this week and will have to win both of them to protect its half game lead over Doebler's and UAW 644.

As it stands now, a five way tie for third place can still result from this week's play. If the Coffee Cup loses its last game, Flagg's splits its two games, the Co-Vets win their two games and Doebler's and UAW 644 win their last game, special playoffs will have to be held to determine which of the two will be represented in the playoffs.

League officials announced last night that all games will start at 6 o'clock instead of the regular time which was 6:15 o'clock. This ruling becomes effective tonight.

Local Legion Meets Boyertown Tonight

The Pottstown American Legion Junior baseball team will travel to Boyertown tonight to meet the American Legion Juniors of that community in the second of a five game exhibition series.

The Pottstown team members are asked to report to the Legion home at 5:15 o'clock to leave for the game which is scheduled for 6:15 o'clock.

The flying fish flies to escape foes.

Herman Keiser Wins Esmeralda Tourney

SPOKANE, Wash., Aug. 10 (AP)—Herman Keiser of Akron, Ohio, dropped a three-foot putt on the 18th hole today to clinch first place in the $10,000 Esmeralda Open golf tournament with a seven-under-par 272 after Ben Hogan and Ed Furgol had battled through a drama-packed afternoon in a futile effort to overtake him.

Rodents are the largest order of mammals.

YES, THERE'S MONEY FOR YOUR HOME BUYING plans just as there always was before the War. This specialized institution, unlike other types of lenders, is constantly helping families acquire debt-free homes. Conditions, the trend of other investments ... nothing deviates us from our purpose.

Your home loan here is made and kept with us ... you deal directly with the *actual leader* at all times! Loans are fitted to income, total costs are minimized and care is taken to give you a "practical" financing plan.

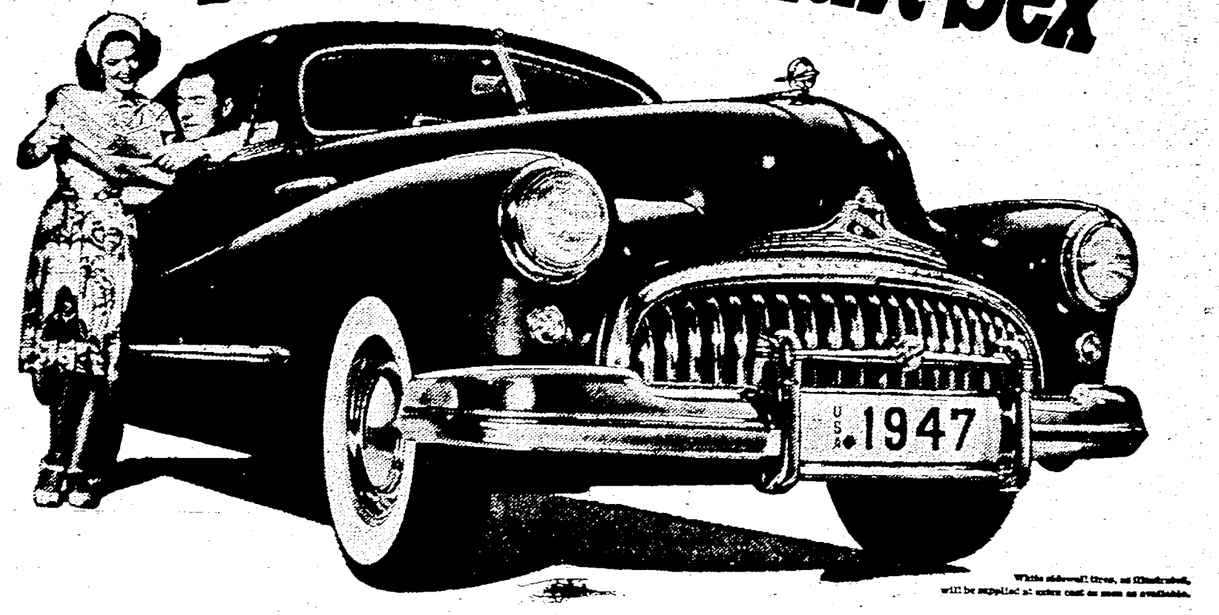
Tip from the Smart Sex



White sidewall tires, as illustrated, will be supplied at extra cost as soon as available.

WHO is it that's first to spot—and quickest to go for—a really fresh new fashion idea when it comes along?

The ladies, of course!

And who is it that, according to careful surveys, put Buick far ahead of its price class and up among the lowest-priced three when they name the car of their innermost choice?

The fair sex—but naturally!

And who is it, when you come right down to it, that gets the most practical use from enough stirring Fireball power to handle the day's travel-jobs without strain and struggle?

Who relishes most the restful ease of wide, cushiony seats, and the blissful gentleness of all-coil springs that make rough roads well-mannered and good roads glass-smooth?

Who goes for a car big enough to be company-minded—yet light and easy enough in handling to park without a tussle, and flit shadow-light through market-hour traffic?

Who, good friends, has the family's smartest eye-for-a-buy—the shrewdest size-up of what's really good?

No one but the Lady of the Household!

So we toss out this thought to you menfolks:

Chances are that *you've* been hankering for the kind of thrill that lurks in this great-hearted, great-powered beauty.

You'd sort of like to get your hands on a car as big and mighty as this—if you thought the better half could be sold on it.

Take our tip—she's already sold. Favored as it is by red-blooded males, no Buick we've ever offered has won the smart sex quite like this one.

So why not pull a pleasant surprise some evening soon? Just come home and say, "Well, I placed an order for a Buick today. They're taking 'em with or without a car to trade."

Then watch her fall all over your neck!

Tune in HENRY J. TAYLOR, Mutual Network, Mondays and Fridays

U. S. Starts Drive For Early Shipment Of Arms to Turkey

WASHINGTON, Aug. 10 (AP)—The United States is driving for a start this month on the shipment of American arms and equipment to Turkey to reinforce her against Soviet pressure.

The first actual shipment — A $553,000 lot of modern road building machinery to repair strategic highways—is about ready, officials disclosed today. Contracts were closed the past week for immediate dispatch of some two score tractors, scrapers, rock crushers and the like.

This is to be followed by ammunition, aircraft, radar equipment and other munitions which make up the major part of the $100,000,000 Turkish aid enterprise.

Assistance to Turkey has lagged weeks behind the $300,000,000 related effort to strengthen Greece, because Turkey's need was deemed less urgent. With the return of an official mission headed by Major General Lunsford E. Oliver after a two-month survey on the scene it is expected now to go ahead full steam.

President Truman, in asking Congress on March 12 for this backing for Greece and Turkey, said it is his belief that it must be our policy "to support free peoples who are resisting attempted subjugation by armed minorities or by outside pressures."

Detailed findings on Turkish need submitted by General Oliver have been under study at the War and State departments. Officials indicated they fit in with the following preliminary breakdown of the main purposes for which the aid funds are to be spent:

Heavy and light ordnance, $51,750,000 Included are ammunition costing $5,750,000; ordnance equipment such as artillery, antiaircraft weapons, motor vehicles and tanks to replace obsolete equipment, $44,500,000; torpedoes, depth charges, mines and mine sweeper gear, $1,500,000, to bolster defense of the Dardanelles Straits.

Machine tools and technical equipment, $22,000,000. This includes modern arsenals, repair shops, tools and spare parts for Ground and Air forces and Navy. $15,500,000; communication and electronic equipment, $5,000,000; engineering equipment, $1,000,000. and weather forecasting equipment. $500,000

Air forces, $12,000,000, including new and replacement military planes. $10,000,000, and repairs to air bases, $2,000,000.

Naval needs. $6,550,000. Of this $6,500,000 is for torpedo boats, minecraft, anti-aircraft defenses, radar and fire control. Nets and booms call for $300,000, and various naval tools and supplies $750,000.

Disorderly Charge Brings 15-Day Jail Sentence

Charged with being drunk and disorderly, Edward Anns, 54, of Douglassville RD 1, was given a hearing yesterday before Justice of the Peace Ralph W. Ralston, of North Coventry township. He was sentenced to 15 days in the Chester county jail at West Chester.

Anns was arrested at 3:05 o'clock yesterday morning at Sheep Hill, Chester county, by Officer Daniel W. Guldin, of the North Coventry township police.

Two Local Men Enlist For Service in Army

Two local men were enlisted in the U. S. Army the past week, according to the Second Army recruiting station public relations department.

The men are Francis A. Genery, Pottstown RD 3, who enlisted for the Air Forces, and Harold A. Dress 419 Lincoln avenue, signed up as a sergeant in the 2322d Army Service Unit, Philadelphia.

15 CATTLE KILLED

READING, Aug. 10 (AP) — Fifteen head of cattle on the farm of Edwin Wessner were killed by lightning last night during a storm which struck Berks county.

Shot Playmate

Little Harold Schwan keeps his fingers crossed as his playmate, Marlene Pipkin, 2, fights for her life in a Seattle, Wash., hospital. She is reported in a critical condition from a gunshot wound. Harold was playin with a gun, which he thought was a cap pistol, when it went off and struck his little playmate.

Chinese Communists Cross Yellow River

NANKING, Aug. 10 (AP) — Government reports from Suchow field headquarters today said the Communist army of Gen. Liu Po-cheng had escaped across the flooded Yellow river in western Shantung province after suffering heavy casualties under government attack.

Independent accounts two days ago said Liu's forces, which had been on an extensive foray in Shantung for hte past month or more, had been pinned against the river and lost many men by government bombing of ferries.

Other Chinese dispatches said the government's new Eighth army, which has been isolated in eastern Shantung for more than six months, had punched its way eastward to Kaomi, 60 miles by rail west of Tsingtao, in an effort to join with outposts from Tsingtao.

Reviving old government assertions that the Communists were training airmen in northern Manchuria, the independent paper Hsin Min Pao said the government was taking special air raid precautions in Shantung and Honan and that an unidentified plane had dropped four small bombs on the Tsingtao aidrome, which is used jointly by Chinese and U. S. naval units Authorities in Nanking received the report with skepticism.

Procurement Officers Face Investigation, Brewster Reveals

DEXTER, Me., Aug. 10 (AP)—Senator Owen Brewster (R-Me.) said today the Hughes plane contract inquiry was only the "opening phase" of Senate investigations of other contracts "in which high ranking officers of the armed services will be called to testify sometime in September or October."

Brewster, chairman of the Senate war investigating committee whose subcommittee is conducting the Hughes probe, declined in a telephone interview to reveal what would be investigated or identify witnesses who would be called.

The Senator, who arrived at his home here yesterday to resume a vacation interrupted by the Hughes inquiry, said other matters to come under committee scrutiny would be "the possibility that procurement officers won huge sums in poker games which were a payoff device."

"The day of the little black bag as a payoff measure has gone," Brewster said. "Now we have poker games in which there are $1000 bets which procurement officers are permitted to win."

Brewster said there were two million $1000 bills now in circulation which "some holders are willing to sell for $500 in smaller bills harder to trace."

"There also have grown up in some instances cases of procurement officers who have received very high-salaried positions with firms with which they had a little earlier placed very attractive war contracts," Brewster said.

"In some instances the salaries were many times what they had ever before received in private or public life," he said.

"Such cases naturally invite examination."

Red Paper Assails Anti-Soviet Display

MOSCOW, Aug. 10 (AP) — Pravda said today that the nailing of anti-Soviet posters on trees in front of the Russian embassy in Washington was "unexampled for impudence."

The Communist party paper professed to view this July 31 incident as the natural consequence of a "general offensive by reactionary forces presently characteristic of the political life of the United States."

(The U. S. State department announced Saturday that it had taken steps to bring about the prosecution of "certain individuals" who placed the posters).

Pravda mentioned the State department's apology, saying:

"A representative of the State department emphasized that the Government of the United States categorically deplore such actions."

New Horizons

Thousands of eager-eyed young people, who poured from America's universities last June, now are taking their first steps along the pathway to the future.

What will tomorrow hold for them? Is it true, as some say, that all frontiers have been explored and opportunity now is a shrinking violet?

We, of Philadelphia Electric, join with other privately-owned, business-managed electric companies in answering with an emphatic NO.

The same talent for research, the same urge for progress that have cut the cost of electricity nearly in half during the past fifteen years—and, at the same time, provided the power needed to be twice as useful, now are at work making it possible for electricity to serve still more people in still more ways.

No, there is no letup in P.E.'s forward strides toward better living and bigger opportunities.
